

OPERATION GOLDEN SHIELD

Uniting Future Leaders and Supporting Our Communities

Nearly all the Afghan refugee families are arriving to the United States with nothing but the clothes they are wearing, so their immediate needs are immense. Being completely staffed with Cadets and Midshipmen from the United States Military and Naval Academies connects us to a long line of Veterans who have served shoulder to shoulder with many of our Afghan allies overseas, making this mission particularly salient to us.

Language Training – \$135

Sponsor Language Training classes for a refugee family for \$135

Research shows that language training is imperative to refugees' ability to integrate into their communities, access vital community resources, and pursue new job opportunities. Language classes play a crucial role in the holistic well-being of refugee families and the communities who welcome them.

Transitional Housing Support – \$200

Sponsor Transitional Housing Support for a refugee family for \$200

In addition to meeting the immediate needs of our Afghan friends, Operation Golden Shield is prepared to help these families with housing and resettlement efforts. By donating \$200, you can sponsor a week's rent for an Afghan family.
