In your own words, describe the conduct or situation you are complaining about.

My name is Tyler Justin de Murphy. I am the sole intellectual property owner and inventor of price action. I had documented recorded proof of concept, design, proof, and implementation in January of 2020. An FBI agent name Jim Davis illegally used remote capture technology to steal my intellectual property invention off of my computer as well and get copies of my physical documents. Price action is an effective fix on all forms of trading and it's powerful enough to generate gigatrillions in picoseconds and is currently the world's most valuable intellectual property. It was stolen from me and shared amongst the wealth class of this world, specifically any global family or individual worth over \$100,000,000. I didn't have enough income as investment capital and I am kept illegally poor in advanced long term sustained poverty and I am medically injured from war crimes, hate crimes, and sex crimes I have survived. I was told over the sonic audiogram logs, a critical piece of investigative evidence that needs to be subpoenaed, that the USA congressmen were all paid over nine figure sums generated from my intellectual property invention. No one is paying taxes on the gigatrillions they steal from my family. I am legally owed 100% smudge space recovery of price action. Some estimates state that over 1200 trillion gigatrillion was stolen from me until the year 10,000 A.D. alone.

I have been raped and tortured within my home property. I have had several homicide attempts on my life. My other career work I was going to fund with price action has been ostracized. I have been slandered. They told me they hired a team of individuals to "disprove" that I invented price action. They have admitted over the sonic audiogram logs that my intellectual property invention was stolen by a Jewish and British firm.

Has anyone taken steps to prevent you from reporting this violation to the SEC?
