

For Immediate Release

Manish Shah, Principal of Gnosis Advisory and Chip Hoback Principal of Thoroughbred Thought Leaders (TTL) has announced a partnership to allow TTL to offer Gnosis Advisory consulting services.

I am happy to announce Thoroughbred Thought Leaders' partnership with Gnosis Advisory and my friend Manish Shah," said Hoback. "In recent years, I have worked with Manish in his role as CIO of Community Health Systems," Hoback continued. "Manish has the experience and reputation as a thought leader in IT that's a perfect fit for TTL C-Suite Services."

"Chip is the most energetic, and passionate business problem solver I know, and I am excited to work with him and his Stable of Thoroughbreds." Said Shah. "Chip has always been one of my most trusted go-to partners with an outstanding reputation in the industry. He works tirelessly to help his clients solve their technology challenges. He is well-known executive that clients count on when they need their toughest business problems solved. Gnosis Advisory Group is proud to collaborate with TTL to bring our customers the most seasoned professionals to solve their business challenges and enabling organizations digital journey."

About Gnosis Advisory Group

Gnosis Advisory Group is a national group of experienced thought leaders. Providing Advisory Services - We can assist you with your business strategies and formulate a growth plan that centers around accelerated market penetration and adoption of your product and services. Merger / Acquisition / Divesture Advisory Services - We have experience in organizational design, due diligence, and day 1 planning for organizations who are looking for technology integration to reshape their enterprise. Strategic Roadmap and Planning - Grounding IT to core business strategies is instrumental to your digital roadmap and execution - we can help you create an actionable strategy plan to drive your organizations growth. Simplifying your application portfolio enhances

user experience and lowers your operational costs. We help you create this win/win strategy with industry best practices and real-world operational experience. We will help you organize the foundational building blocks into a solid foundation. Gnosis is more than information; it is bringing knowledge to create results!
