

CAPABILITIES STATEMENT

COMPANY OVERVIEW

White Raven Security is an SBA-certified Woman-Owned Small Business based in Charlotte, NC. We specialize in supporting U.S. defense contractors with their cyber security needs. Our team has decades of technical and security experience, with a wide breadth of knowledge ranging from compliance to the design of facility-related control systems.

DIFFERENTIATORS

- All security personnel meet DoD 8140.03 (IAM/IAT Level 2 and higher) and/or participate in the CMMC ecosystem. Our certifications include Certified Information Systems Security Professional (CISSP), CMMC Certified Assessor (CCA), CMMC Certified Professional (CCP), and CMMC Registered Practitioner (RP).
- Special training in cybersecurity for Platform Information Technology: Industrial Control Systems Cybersecurity (301), CISA, ISC-CERT, Idaho National Labs (INL).
- Extensive experience developing holistic, tailored security programs based on over 20 years of participation within the Defense Industrial Base (DIB).
- Hands-on experience implementing the NIST Risk Management Framework (RMF), guiding organizations through the RMF, from categorizing assets and selecting controls to continuous monitoring.

PAST PERFORMANCE

- NIST SP 800-171 Gap Analysis for a Defense Aerospace Contractor with locations in both the U.S. and Canada.
- CMMC Preparations, including completed SSP, security policies and procedures, and evidence collection for a small Defense Construction Contractor with full-cloud IT infrastructure and external MSP.
- NIST Gap Analysis and CMMC Preparations for a mid-sized specialty manufacturer with an internal IT team and CUI enclave configuration.
- Numerous NIST Compliance Assessments, Gap Analyses, and CMMC Preparations for clients ranging in size from 1 to 800+ employees.
- UFC 4-010-06 FRCS Design and Specifications at: Forts Liberty, Meade, Moore, Wainwright, Drum, and Stewart; Aberdeen Proving Ground; Robins, Offutt, Kirtland, and Buckley AFBs; Joint Bases Charleston, Lewis-McChord, and Pearl Harbor-Hickam; Camps Mackall and Lejeune, NC, Atterbury, IN, and Lemonnier, Djibouti; The Navy Yard, Philadelphia, PA; and Raven Rock Mountain Complex, PA.
- Projects supporting USACE, NAVFAC, and National Guard on the following facility types: Barracks, SOF, Storage, AVB, Training Centers, Laboratory, Access Control, Education, Testing and Machine, Microgrid, Research, Recycling, Administrative, and Physical Fitness.
