What is this document and where is information from

Purpose of this document is to provide an independent overview of the procurements that were processed by the government of Canada through the department of Shared Services Canada client devices standing offer. This is specific to the notebook, desktop, monitor and associated accessories that are part of National Master Standing Offer [NMSO] E60EJ11000C. The time frame for this review is Canadian federal government fiscal years 20XX, 20XX, 20XX, 20XX, 20XX.

The values that are presented here are derived from data mining an open-source government of Canada dataset. This data is part of the government of Canada's open government initiative to enhance accountability and transparency. Under this program government entities report procurements greater than \$XXX,XXX Canadian. This dataset informs the following.

This document also included the number of employees per entity and an A/B/C sales classification.

Sales organizations would benefit from the information contained in this advisory to perform health checks, competitive analysis and develop sales motions.
