

The time in Slovenia has been very productive, and the opportunity for ministry here is wide-open. Slovenia is a country with a great need. Spiritually, it is impoverished. The majority of people in Slovenia do not know Christ, nor do they come in contact with believers in their daily lives. The number of small towns and communities without an evangelistic church gathering is staggering.

Most people view God as an angry deity who wants to punish them for any wrong doing. The people walk away from church to avoid the guilt and shame, not deserving of love or grace. All over this country people are born, live, and die without ever hearing the truth about Jesus and His amazing love for mankind.

Years ago, when I served among the Papago Indians of Arizona I was overwhelmed by their need for the Gospel. Yet, at the same time I was blown away by personal eagerness to respond to the Gospel when someone shared the whole truth of God's salvation plan. I recall sitting beside a pink adobe house and sharing a wordless book with a young boy. As I reached the end of the book, I asked him if he wanted to confess Jesus as Lord. He said yes! From that moment forward, my life has never been the same. I saw the power of the simple but whole truth of God's Word transform a life. I have committed my life to sharing this Gospel since that day. Outside of the little church in Sells, Arizona, I committed my future to the work of sharing and showing the whole truth of this Gospel message.

Today, millions of people walk through the journey of life, desperate to hear the simple truth of the Gospel message. The issue is the majority of people on this planet die without

Him every year. Why? Because you and I who know Him are too quiet. We, the Body of Christ, do not boldly obey the command of Jesus to make disciples of all nations! Sure, we go to church and

try to be better Christians. We all seek to worship Him and pray. But, how many of us actually share the Gospel with others on a regular basis or even at all?

In 2023, One Way Ministries is seeking to REBOOT the ministry. Since the pandemic hit in 2020, many of our supporters and all of our teams have fallen away from the ministry. We have not been on the field until this trip I am on right now. This time in Slovenia has reminded me of the urgent need for Christ followers to get busy sharing and showing the Gospel. In order for One Way to crank it all back up, we need our help. During the next few months we need to raise about \$75000.00 to put into action many of our ministry steps that will get us back on the field with our brothers and sisters in forgotten, desperate, and impoverished people groups around the world. During the early months of 2023 we need to raise about \$20000.00 to support critical evangelism training and outreach efforts specifically focused on unreached communities in several locations. In addition, we need close to 200

people to commit to going with us into the field to serve along side the churches already doing ministry in these communities where the Gospel needs to be communicated.

Never before in our 21 years of ministry have we asked specifically for this kind of help.

However, as I am serving with a team here in Slovenia, I have realized that without sharing the needs we have for ministry, it can be difficult for the members of the Body to respond in the ways the Lord may be directing them to respond. I

know there are many things that require your time and resources. I also recognize that the days we live in are harder and harder to make ends meet like we once could. I also realize that the days left for each of us to invest in Kingdom work are numbered. All of us will one day finish the race we are running and go home. When that day comes, will you and I be able to say

that we gave everything we could to make His ways known on the earth and His salvation known among all

nations? The Lord has spread resources throughout the Body of Christ to be used for Kingdom work and reaching the world. Today, I am asking you to join us in the work of boldly sharing the whole truth of the Gospel by giving financially to support our

work and walking with us in the field to be His hands and feet.

In addition to the needs we have for resources, we are looking for additional help in other ways to support the work of ministry. In order to reboot the ministry, we need to establish a local ministry support team to help with preparations for trips, equipping teams, gathering resources and recruiting teams. The desire of our hearts is to expand the involvement of more of our family of supporters

and team members into the work that goes into producing short-term missional experiences

that both share the Gospel and transforms the journey of a team member. Many years ago the Lord cast a vision for ministry which involved many people and many areas of ministry. The past twenty years have been years of learning and developing the vision for reaching the world and teaching the Word. Now it is time to step into the reality of doing ministry that boldly shares the whole truth of the Gospel message in every occasion the Lord provides in every location He opens a door! Today is the day to answer the call of the Lord of the Harvest and follow His heart into the field to work along side one another in Kingdom ministry. Join us!
