

## TAKE A TRAIN

F C

**Take a train**

F C

**One that's headed South now**

F C

**Take a train**

F G C

**It's too cold up here (2x)**

(*Treble*) C F G  
The cold, it blows right through me.

C F G  
The wind and the storm have come.

Am C F  
There's no warmth here to wrap me in safety,

C F G  
And I'm thinking of you tonight.

F C

**Take a train**

F C

**One that's headed South now**

F C

**Take a train**

F G C

**It's too cold up here (2x)**

(*Bass*) C F G  
The heat, it burns and bruises,

C F G  
like the fire of hell below.

Am C F  
There's no shade or calm here to shield me

C F G  
And I'm thinking of you tonight.

F C

**Take a train**

F C

**One that's headed North now**

F C

**Take a train**

F G C

**It's too hot down here (2x)**

(all) C F G  
Your warmth, it calls right to me,  
C F G  
Like a North star you draw me home.  
Am C F  
There's no mountain or sea that can keep me,  
C F G  
from holding you close tonight

F C

**Take a train**

F C

**And we'll meet each other midway**

F C

**Take a train**

F G C

**So I can hold you near (2x)**
