ABOUT US

Total Team Communications (TTC) is a leading provider of telecommunications infrastructure solutions, proudly HMSDC & MBE-certified and headquartered in Houston, Texas. Since its inception in 2014, TTC has built its reputation on being “Easy to Do Business With”, a philosophy deeply ingrained in the company’s culture and operations.

TTC offers a full range of services in:

- Fiber Optic Splicing
- Primary & Secondary Power
- Infrastructure Assembly
- Network Design & Installation
- Structured Cabling & Wireless Systems
- High-Speed Network Equipment
- Consulting & Infrastructure Planning

We deliver these services to government municipalities and private sector, and national accounts across a wide range of industries. By utilizing our in-house expertise in fiber optics, low-voltage systems, and site preparation, TTC maintains full control of project management including, but limited to project timelines, ensuring that we consistently deliver high-quality, efficient, and reliable telecommunications solutions for our clients.
