

WHITE MOON

BLACK MOON

08 . September . 2023

I am a thought

A thought in time

A time in a place

And they are all

Infinite

I am insignificant

Nothing

Am

Was

Then.. Nothing

Yet,

I am a universe

A fountain

A mountain

And.. A deep dark ocean

Emotions, I take
Connections, I make
Memories, I create
And sometimes..

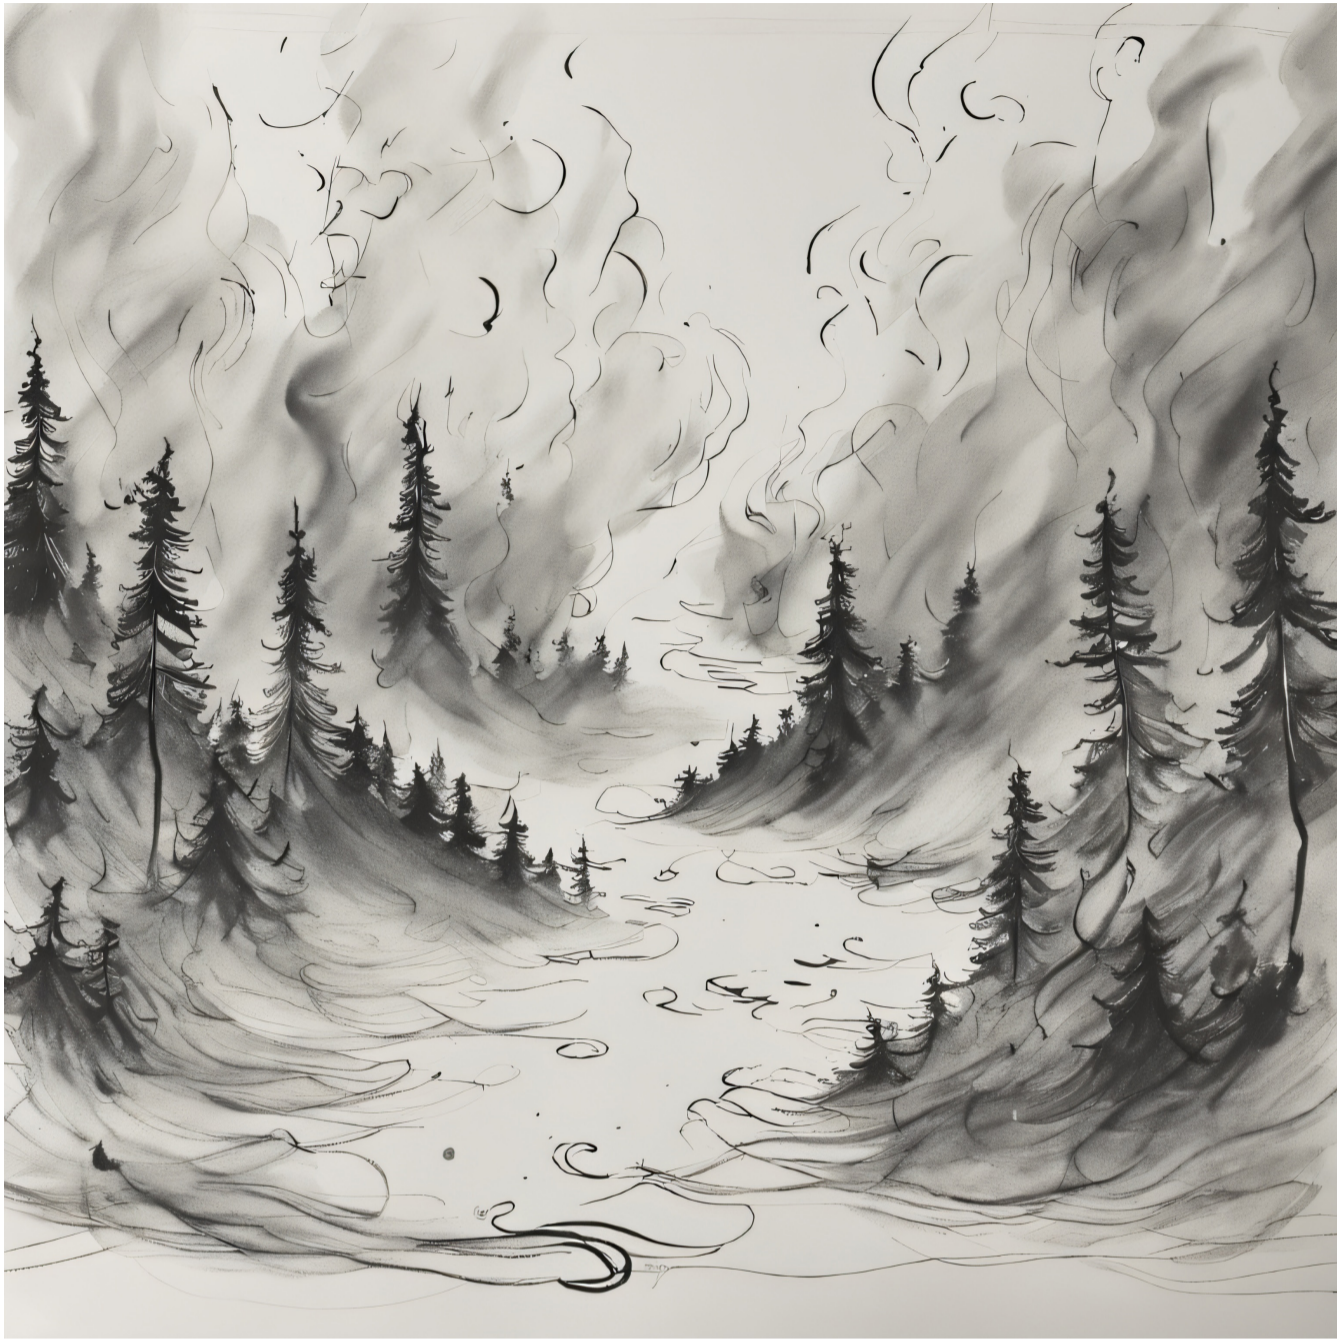

In the darkness I find

An image

A story

A secret

That is solely mine

And in the darkness

Fire ignites

And then

Be light

I bleed

For fire is red

I burn

I shed

A cycle

Of darkness and light

White Moon

Black Moon

Night after night

13 . September . 2023

I have tried to live

To be alive

To fall in love

To be loved

But I have failed
