Our Recruitment Selection Process

Step 1. Understanding

CCA understands your needs. We specialize in building relationships with our clients to truly understand their strategy, company culture and resource technical needs.

Step 2. Sourcing

CCA works within the industry and has created relationships with people within the industry to find the right level of experience and establish a preliminary list of candidates.

Step 3. Evaluation

We will hold technical interviews to assess the candidate's skills as well as confirm that they are a good cultural fit for your organization. At this point we will also check references.

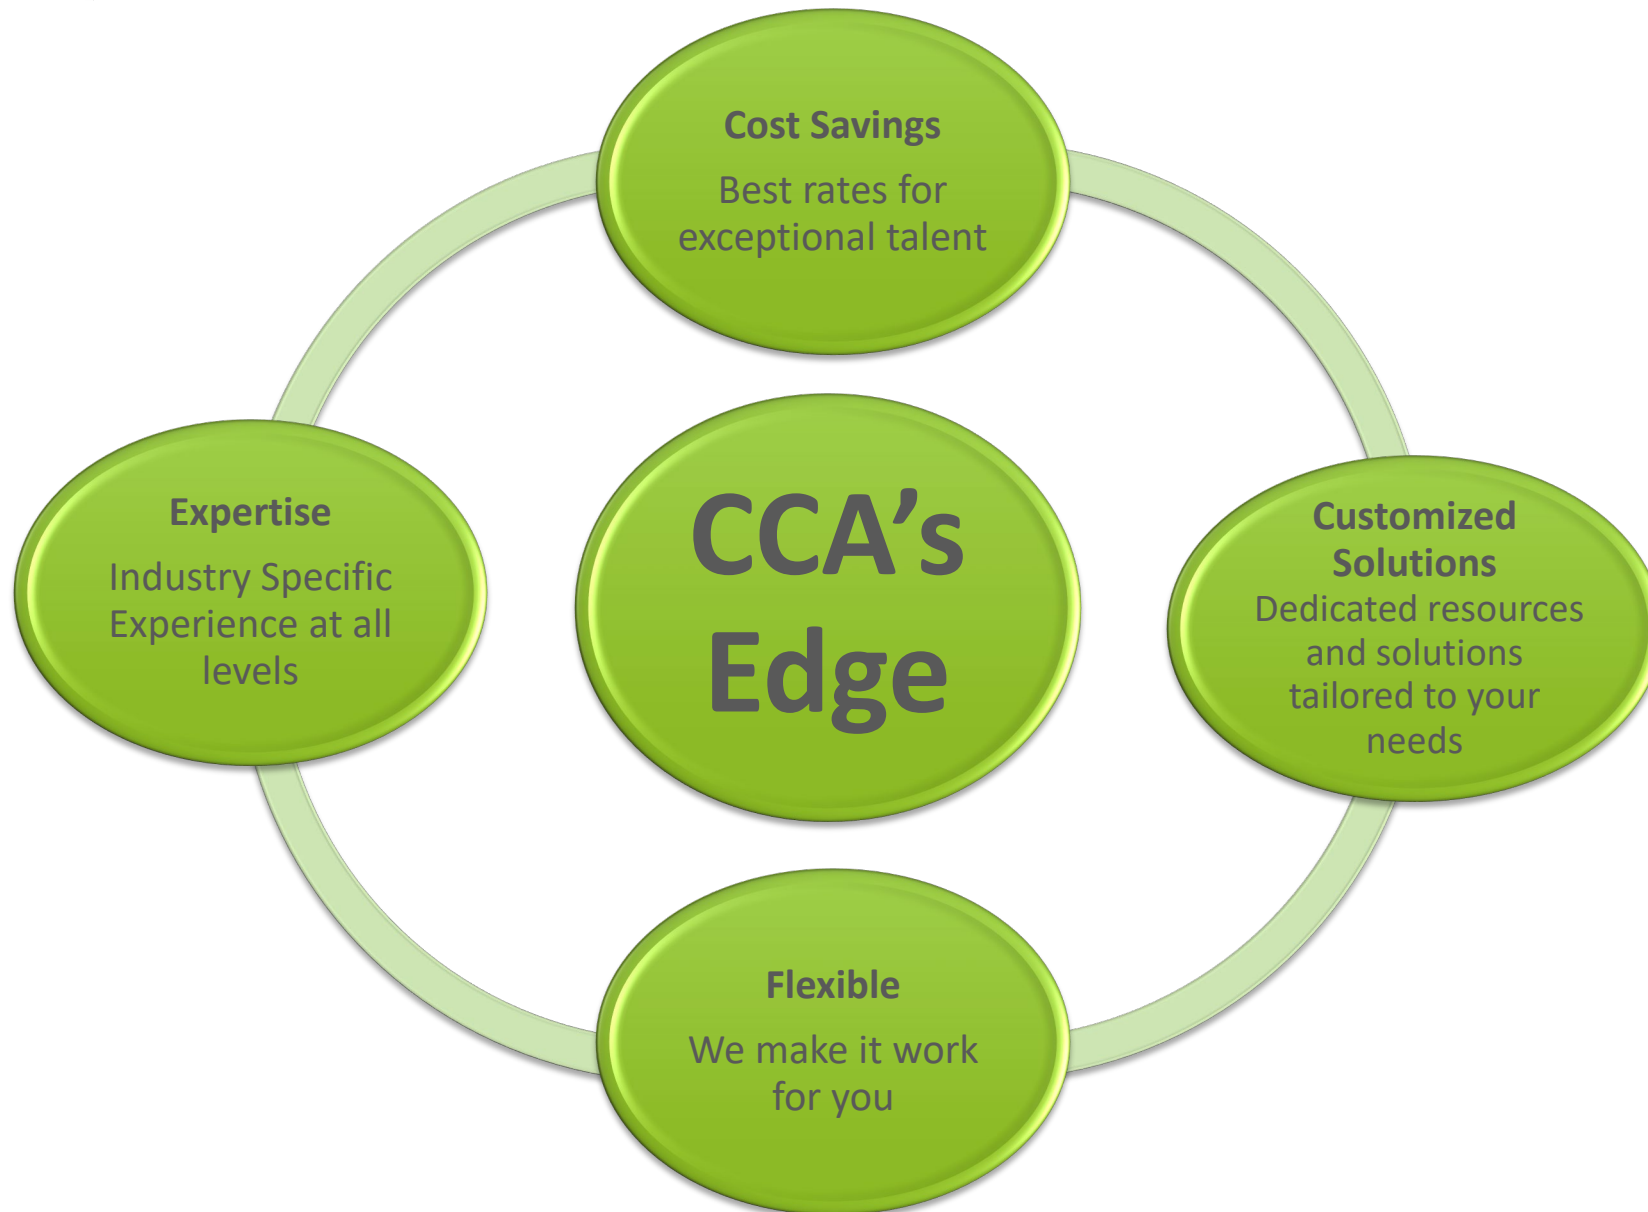

Step 4. Client Interview

CCA will work with your schedule to set the interviews at your convenience. We offer in person, phone screen and Skype interviews as needed.

Step 5. Offer Process

We will assist in scheduling final interviews and presenting the offer to the selected candidate.
