

ASIA FOOTBALL SHOWCASE

Real Clubs. Real Opportunities.

ASIA FOOTBALL SHOWCASE

Platform for players aged 16-29 hoping to showcase their talents and earn a professional contract in one of the top Asian leagues.

WELCOME

Dedicated to providing an opportunity to players with the objective of ultimately producing professional footballers in Asia. AFS has a proven record of success and has started professional football careers for players from all over the world.

Working within the Asian football scene for over 10 years, AFS has developed an extensive football network. This enables us to provide the platform for you to showcase your talents in front of scouts, coaches and agents. If you believe you have the talent and just need the chance, we will put you in front of the decision makers in Asian football.

Although we can't guarantee that you will get signed, we share the same desire to see you succeed and will show the same commitment to fulfilling your potential.
