In most cases, riders are provided with a Sedici Modular ADV helmet, Tourmaster Ridgecrest jacket, and Tourmaster Trailbreak gloves. Gear is selected to offer a balance of comfort, protection, and versatility for a wide range of riding conditions.

Due to availability and size, some items may be substituted. When needed, our backup gear typically includes the Sedici Marco 2 jacket and gloves.

For the best fit, we recommend reviewing sizing charts directly through Tourmaster. Sedici gear can be found through Cycle Gear.
