

WILL POWER HOT BROOM™

BUILT FOR THE UNDERGROUND.

Because ordinary brooms weren't.

Shotgun Fit Guide

Clear the way for the work ahead.

A dedicated cleaning attachment for the shotgun stick already in your hands.

Designed for the working end of a shotgun stick.

Fit tested on the exact models listed in this guide.
Use the guide below to confirm your model fits.

Will Yearout

Journeyman lineman | Founder, Will Power Tools LLC

Built to stay put.

The shotgun hook captures the mounting eye. The mounting end is designed to seat inside the stick head and resist rotation.

Verify fit before ordering or use.

01 / VERIFIED SHOTGUN MODELS

Fit Tested Models

Confirmed fit with the Will Power Hot Broom™.

FIT TESTED BY WILL YEAROUT

Journeyman lineman | Founder, Will Power Tools LLC

Verified shotgun sticks

Fixed length

BRAND / PRODUCT LINE	EXACT MODEL	LISTED SIZE
A. B. Chance Grip-All	C4030291	4 ft
A. B. Chance Grip-All	C4030292	6 ft
Hastings	8106	6 ft 6 in
Salisbury Medalist	4009	6 ft 8 in
Utility Solutions BLUE STRIPE®	USSG-006-EREC	6 ft 6 in

Sizes follow the manufacturers' catalog labels.

Match the full model number.

Confirmed fit applies only to the models listed. Other models, lengths, suffixes and configurations require separate fit testing.

Fit testing confirms mechanical compatibility. It does not establish an electrical rating.
For qualified electrical workers. Follow the tool instructions and employer work practices.
Brand names identify equipment only. No manufacturer endorsement or approval is implied.

SHOTGUN FIT GUIDE

02 / SHOTGUN MANUFACTURERS & FIT SUPPORT

YOUR SHOTGUN. MORE CAPABILITY.

**Give your customers more from the
shotgun sticks they already use.**

The **Will Power Hot Broom™** gives crews another reason to choose your shotgun sticks. Confirmed fit adds a dedicated cleaning attachment and expands what your product line can do in the field.

Let's expand what your shotgun line can do.

Contact me about sending sample sticks for fit verification.

Talk directly with Will.

Send your shotgun brand and full model number, including any suffix. Add clear photos of the model label and working end.

You can also ask about a field demonstration for your crew.
