

## **KEEPING YOU SAFE When Shopping for a Home**

We take your family's safety very seriously. Out of an abundance of caution you will be required to follow these protocols when we view each home:

- Sanitize your hands before and after your tour
- Do not leave a business card
- Remove your footwear, but kindly wear socks
- DO NOT use the bathrooms
- Do not set anything on the counters, tables or furniture such as highlight sheets, your purse or any items you have brought with you
- Touch as little as possible. Allow your REALTOR® to open doors and turn on lights as required
- Please leave all lights on and doors open in the property, or as you found them upon arrival
- Write and review any offers with your REALTOR® by conference call so you can still work through the terms and conditions together. You will be asked to sign all documents electronically from your own device
- Advise your REALTOR® if you or anyone in your family is ill or has symptoms of illness, has travelled outside of the country, or has been in contact with someone who has been diagnosed with the virus. You will be required answer a questionnaire and sign a Hold Harmless form before we start viewing homes.

***Working together to stay safe and healthy!***
