00b Outro Stuff

[Mention that Level 1 is the Callaway Golf Studio, which we didn't visit.
Mention that you can access Topgolf from within MGM Grand - show clip.
Mention how many families and kids were there - so great to see.]

[DJI_0783 & 0784 are leaving the Strip, if you want to use them for the ending speedup]

01 TRAVEL-ARRIVAL

01a Driving Footage

It's Friday morning, and we are experiencing the hottest weather of the year here in Las Vegas - typical for late July. Not to be deterred, our camera gal is headed east on Tropicana, towards a destination we have never before visited. We'll turn in here, and park at MGM Grand.

In case the teaser didn't give it away, we're going to visit Topgolf today.
[IMG_5251 about 20 seconds in, to the end - shows Topgolf on marquee]

01b Topgolf Exterior

The official address for Topgolf is actually Koval Lane, just east of the Las Vegas Strip. This is the impressive building front. [IMG_5151]

It sits on 8 acres, behind MGM Grand and the triple towers of MGM Signature...and beyond, you can see the Strip resorts.

[IMG_5147; pic 5156]

Also note - Topgolf has its own onsite parking, and it's free! Paula didn't need to park at MGM Grand at all! [IMG_5247]

01c Bldg Entrance

All right, enough of this outdoor nonsense, she's melting...let's go in and explore this mega sports-and-entertainment complex.

[DJI_0750 and/or IMG_5154]

Topgolf Las Vegas opened in May 2016, so it just celebrated ten years here. The company is headquartered in Dallas, Texas, and there are more than 100 locations worldwide. We'll talk more history in a few.

02 LEVEL 2 INDOORS

02ab Video-Photos-Lobby Area

As you enter, the ticket counter is the first thing you see. [IMG_5198]

Like so many things in a resort town, the day and time affect the price you pay. Saturdays are prime pricing...but weekdays are half that. Be sure to check the website for promotions and deals, because they're pretty attractive.

There's plenty of signage about safety too - like these.

Around the corner is the Topgolf Pro Shop, where you will find lots of apparel...accessories...and a huge selection of golf ball markers with any logo you can imagine! [DJI_0752, 0753; plus pics]

03 LEVEL 2 OUTDOORS

03a Golf Bays 2nd Level I

Where we came into the building is actually Level 2 - and this is the first of 3 tiers of hitting bays at Topgolf. Here's the story: Back in the late 90s, two brothers from the UK came up with the idea of embedding microchip technology into a golf ball. They redesigned the driving range concept, and figured out how to electronically track each ball and score your drives. They opened the first Topgolf outside London in 2000. [\[DJI_0754\]](#)

03a Golf Bays 2nd Level II

In total, there are 108 all-weather, climate-controlled bays. You book them by the hour, and they accommodate up to 6 players. Although it's a high-tech game, the targets are huge, making play suitable for all ages and skill levels. Plus, clubs are provided.

[\[DJI_0755, 0758; DJI_0761 & IMG_5168 are extra clips if needed\]](#)

Speaking of clubs, they offer their unique Sure Thing golf club, with a huge clubhead and lots of loft, making golfing a little less hard!

[\[2 web pics\]](#)

And here's your view, if you're stepping up to tee off. Quite an impressive sight! [\[IMG_5183\]](#)

03b The Yard

Topgolf wasn't an instant success. It wasn't until about 5 years in that they decided to expand it to an event space, and that's when the brand took off. This area is The Yard, the main hub, where you can watch all manner of sports on the huge LED wall, play corn hole, and enjoy a meal.

[\[DJI_0756; DJI_0757 or IMG_5195\]](#)

The Yard is also set up to host live music concerts, with an impressive light and sound system.

[\[IMG_5176\]](#)

03c Birdie Bar

We're still on Level 2, and just beyond The Yard we find the Birdie Bar. It services both The Yard, and all the bays on this level. [\[DJI_0759\]](#)

On the other side of the Birdie Bar is an inside lounge, where the A/C was a joy to experience on this hot day! [\[DJI_0760\]](#)

04 LEVEL 3

04a Upstairs-Light Fixture

All right, back to the lobby and up to Level 3...and wow, how's this for a statement light fixture? Its multicolor bulbs twinkle and flicker from the top level down to the bottom, and it's a lovely touch.

[[DJI_0762](#); [IMG_5200](#)]

04b Woodard Lounge-The Landing

On Level 3, we find another spacious bar and lounge, called the Woodard Lounge...Nice comfy seating area here. [[DJI_0763](#); [signage pic 5202](#)]

Outside and to the right of it, a space open to the air called The Landing...and here's why: planes land at the airport just behind those buildings, every few minutes!

[[DJI_0764](#); [signage pic 5203](#); [IMG_5204 plane landing](#)]

04c Golf Bays 3rd Level

And here we are, looking at the second tier of hitting bays. That Toptracer technology keeps track of every shot as they swing. ...At the time of its opening, the Las Vegas Topgolf location was the company flagship, their largest facility, at 105,000 square feet. [[DJI_0765](#)]

From this third level, you have a top-down view of The Yard, illustrating just how expansive a space it is. [[DJI_0767](#) or [IMG_5207](#)]

04d The Hideaway Pool

There is another bar on this level as well - basically you'll find one on every level at Topgolf. ...But wow, what is this?? [[DJI_0768](#)]

In this direction...golf...pivot, and it's a Vegas-worthy pool deck, with loungers, shade umbrellas, cabanas...and a sparkling pool!

[[DJI_0769](#)]

The Hideaway Pool is just that - tucked away here on Level 3, and, get this: completely free to use!! Plus, those cabanas to the back are first come, first serve. We love this - who knew?

[[DJI_0770](#)]

05 LEVEL 4

05a Upstairs-Pool View

Well, no swimsuit with us, so we continue. Just past the bar is a classy and unexpected spiral staircase, leading to Level 4. [\[DJI_0771\]](#)

We can't resist, we have to get a peek at that lovely pool from above. ...There's a smallish one on this level too, but it's closed. [\[DJI_0772\]](#)

05b Fenced Area from 4th Level

Keep in mind...we haven't paid a nickel to be in here yet, it's free to get into Topgolf. With that in mind, let's have a birds-eye look at that driving range from up here. [\[DJI_0773\]](#)

It's quite a picture, isn't it, with the Sphere and the High Roller as a backdrop to the fencing? Only in Las Vegas!
[\[either DJI_0774 or 0775; or IMG_5214\]](#)

05c Golf Bays 4th Level

This is a cool viewpoint: the hitting bays on this level are closed right now, but what a great perspective shot! Sometimes we just love what we do.
[\[IMG_5215\]](#)

So up here on 4, it's more or less a carbon copy of the levels below, but sans the people today. Very chill up here, and we are able to peek into an empty bay. [\[DJI_0776; IMG_5222\]](#)

05d Other Stuff on 4

Along back of the bays is a nice lounge area, with a nosebleed view down to The Yard 2 floors below. [\[IMG_5220\]](#)

At the far end is a roomy lounge area with a variety of seating groupings, and HDTVs on every wall. [\[DJI_0777\]](#)

06 DRINK-SNACK AT TOPGOLF

06a About the Food

Now...we've done a lot of exploring so far today, and what haven't we seen? That's right - a restaurant! And yet, great food from a great kitchen is something Topgolf promotes. Paula asked a passing server, and he said, laughingly - the whole place is a restaurant! In other words, order from anywhere, and have it delivered anywhere.

[\[5 clips of various seating and lounge areas to make a little montage;](#)
