	Digital Conference Archive					

***High Engagement AgPV Expo**

Connect with exhibitors in the Georgia Solar Farm Summit AgPV Expo to complete the **AgPV Renaissance Circuit** and enter the draw for prizes—including t-shirts and takeaway gifts, tickets for next year, and/or your choices of complimentary service packages donated by the exhibitors themselves!

GASFS attendees will find a special map of the AgPV Expo Hall in their folder with a blank space next to each exhibitor. Attendees who can complete the circuit by receiving the mark, stamp or sticker of at least the minimum threshold of exhibitors can enter a daily draw for choice of available prizes.

Are you ready to run the AgPV Renaissance Circuit at the 2026 Georgia Solar Farm Summit and engage the most capable and dedicated dual-use development exhibition anywhere in the world?

Questions? Contact us at admin@solarfarmsummit.com.

Retired or unemployed? Please reach out for volunteer opportunities.

[Poster submissions](#) will be accepted through July 6 and selectees may receive one complimentary registration.

Youth passes (children under 18 years of age) are available and must be registered with an adult's pass and a parent, guardian or chaperone must complete registration and accompany the attendee at the event. Please contact us for information about school group registrations.

Students partaking in the [Student Design Challenge](#) are eligible for a complimentary registration with a qualified entry submission.

SPEAKER REGISTRATION

We recognize that speakers contribute their time, expertise, and experience to help advance the conversation around solar on working lands.

To support participation, speakers have flexible options for attending the conference:

- Register at the standard rate to support the event
- Register at a reduced rate (50%)
- Request a complimentary registration

If you are participating as part of a sponsoring organization, your registration may already be included.

We encourage speakers to choose the option that best fits their circumstances. Our goal is to make participation accessible while sustaining a high-quality, mission-driven event.

We are grateful for the time, knowledge, and perspective our speakers bring to the Solar Farm Summit community.
