What You'll Experience in the AgPV Expo

- ★ Meet agrivoltaics, solar grazing, conservation, and land stewardship professionals
- ★ Explore student and professional work in the Poster Gallery
- ★ Visit the immersive AgPV Engagement Zone featuring dual-harvest solar farms from around the world
- ★ Learn at the Soil Health Education Station
- ★ Complete the AgPV Renaissance Circuit and connect with professionals across the field
- ★ Access practical materials and first-person perspectives from practitioners

Want the Full Conference Experience?

A limited number of discounted **Farmer Passes** are available for agricultural producers who want to attend the full two-day summit program, networking events, and AgPV Expo.

Includes: all sessions and panels, hosted breakfasts, Farmer Lunches, AgPV Expo Hall, town hall forums, on-site technical assistance, and Digital Conference Archive access.

Sessions cover agrivoltaics in practice, solar land leasing, soil and water stewardship, conservation integration, and rural economic ripple effects.
