

Series WFLTV-DM-4011 Level Control Specifications

- Technology Type : Conductivity
- Voltage 50/60CY : 110VAC
- Available Voltages : 24, 110, 220, 440VAC
- Switch Amperes : 10 Amps / 110VAC
- Variable Sensitivity : Single turn pots 0-100K
- Din-Rail Mounting
- Two isolated 1PDT Relays for 2 single on / off switches
OR 1 filling / emptying operation with 1 on / off switch
OR 2 filling / emptying operations in separate tanks two
level emptying/filling operation
- Certified / Approved : cULus-353, CSA, 3A
- Intrinsically safe sensing signal
