

# Thank you for joining us at Division 162

## HOW CAN YOU SUPPORT?

### About us:

We are Team 5, the personal special unit of the commander of Division 162, which is operating within the Gaza Strip at this moment.

Our unit is comprised of reserve soldiers who come from the most elite units across Israel.

### Support Us

### Essential Needs

Due to the nature of this war, more reserve units have been called up than ever before at an unprecedented rate.

The IDF has been able to provide basic gear, but to ensure our operators have the best equipment possible take help from the Jewish nation.

We are currently looking for support to ensure our teams have everything from tactical flashlights and night vision to warm base layers and clothes for the winter.
