## BE ACTIVE BUT AVOID BURN-OUT

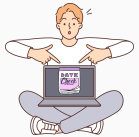

**Empowering  
Voters  
Defending  
Democracy**

It seems that every week we have a new crisis to address where time is of the essence and action is crucial. As involved citizens we stand at the ready to defend democracy in whatever form that defense may take, and it takes a ton of energy or bandwidth. Without taking the time to re-energize, we will quickly become burned out and ineffective. We can NOT have that happening.

This week's Voter has some opportunities to connect and recharge our batteries. Be sure to look for the battery charge icon!
