Lincoln's Birthday, February 12th

**Empowering
Voters
Defending
Democracy**

It seems appropriate to honor President Lincoln especially during the 2024 Election Season. After all, it was he who said "a house divided cannot stand".

The founding of the League was based in creating a political process that was rational and issue-oriented, dominated by citizens, not politicians. (Wikipedia) It is our hope that our work informs members of our community, protects the voting rights of citizens while advocating for various federal and local policies. Here's to our continued efforts.
