LWVUS Truth in Democracy presents

Election Monitoring

This training session is designed to empower volunteers with the skills necessary for effective social media monitoring for the upcoming election.

Attendees will learn how to search online for voter confusion and problematic content and learn how to report what they've found.

National Convention, Washington, D.C.

While National Convention is a hybrid event, you can attend in-person as a delegate or observer. Register by clicking the Convention graphic.

Secure Elections

Join the League of Women Voters of Illinois for a special pre-election webinar on "How Illinois Strives to Ensure a Secure Election Process." Matt Dietrich, public information officer of the Illinois State Board of Elections (ISBE), will speak, followed by a Q-and-A session.

The event precedes the March 19 Primary Election and is the first of several League webinars where noted authorities will speak on relevant topics leading up to the U.S. Presidential Election on Tuesday, November 5. Presented by LWVIL's newly-formed Misinformation and Disinformation Task Force, the event is part of an effort to provide tools and resources that educate voters.
