“A total solar eclipse will take place at the Moon's ascending node on Monday, April 8, 2024, visible across North America and dubbed the Great North American Eclipse by some media. A solar eclipse occurs when the Moon passes between Earth and the Sun, thereby obscuring the image of the Sun for a viewer on Earth.”

Annual Meeting and Dinner

May 16, 2024, at the Geneva Golf Club for the Central Kane County

Guest Speaker: Joe Zeman, Social Studies teacher at West Chicago High School currently teaching American History, Criminal Justice, and Sociology.

Mr. Zeman received a B.A. in History from Elmhurst College and recently earned an M.A. in History from Roosevelt University.

Mr. Zeman's presentation explores how the societal changes in the United States during the early twentieth-century influenced the origins of The League of Women Voters. By analyzing shifting ideologies regarding gender and citizenship, this lecture explains the nature of the organization's non-partisanship.

The history presented encourages us to reconsider the ways the League of Women Voters is relevant today as well as rethink its role as a conduit for suffragist political thought in American society.
