The Time IS Now

REMINDER:

ELECTION NIGHT IS
NOT RESULTS NIGHT

LWV

The Election is this week and it is intense. The Supreme Court upheld voter records purge just days before this historic election and mis/dis-information is running rampant in our country, making our post election messaging just as important as all of the work we've put in going into this Election.

There is no time to rest, but there is hope.

Stay Up-to-Date This area features CKC events for the coming two weeks. For detailed info, use the graphic to check our website calendar.
