CONNECT WITH US

What is an FEC?

A place where families not only receive support but actively thrive. That's the essence of Family Enrichment Centers (FECs). FECs are on a mission to empower communities. We identify strengths, co-design programs known as 'offerings,' and create a nurturing environment where families come together to connect, contribute, and find the support they need. At our FEC, we're not just building programs; we're building a stronger community, one connection at a time.

Fill out our **Community Needs Survey** to help us understand priorities from your perspective. Share your thoughts and ideas for what the FEC can be!
