Emergency Contacts

The Board of Directors has decided to ask all owners and tenants to provide information on a person or persons they wish to be contacted in the event of an emergency. This information is on a voluntary basis. It is the desire of the Board that the Board of Directors would be in a position to notify your loved one if an emergency health situation should arise.

We would like to also remind you that the Board keeps a key to each unit so that we can access the unit in the event of an emergency. If you have changed locks and have not provided the Board President with a key please do so at this time.

As you also know we are a 55 plus Community and as such must maintain, by law, a current list of all occupants in each of our units. If there have been any changes as to who is occupying your unit in the last year please provide the Board with a copy of those persons drivers license.

.....

Person(s) to Contact:

Name: Relationship: Phone:

Address:
