To whom it may concern,

### EU Detergents Regulations

Autoglym can confirm that any preparation containing soaps and/or other surfactants intended for washing and cleaning processes conform to the requirements set out in Regulation (EU) No 648/2004 of the European Parliament and of the Council of 31 March 2004 on Detergents. As a result, these products can be regarded as biodegradable.

Examples include, but are not limited to, Autoglym car shampoos, traffic film removers and other exterior cleaners, liquid glass cleaners, interior cleaners, wheel cleaners, engine and chassis cleaners.
