Subject: Urgent Request for Investigation into Constitutional Violations During Arrest of Luigi Mangione

Dear Governor Shapiro,

I am writing to express my deep concern regarding the arrest of Luigi Mangione at a McDonald's in Altoona on December 9, 2024. As a citizen committed to upholding the principles of justice and constitutional rights, I believe it is imperative that we address potential violations that occurred during this incident.

According to reports, Mangione was detained without probable cause and was not informed of his Miranda rights, which is a clear infringement of his Fifth and Sixth Amendment protections. Furthermore, it is alleged that officers provided him with food and drink to collect DNA samples without his consent, raising serious Fourth Amendment concerns regarding unlawful searches and seizures.

Additionally, Mangione's legal team contends that the arrest was unlawful and that evidence obtained during this period, including a ghost gun and false identification documents, should be excluded from court proceedings.

Given the gravity of these allegations and their potential implications for the integrity of our justice system, I respectfully urge your office to initiate a thorough investigation into the circumstances surrounding Mangione's arrest. Ensuring that law enforcement agencies adhere to constitutional standards is essential to maintaining public trust and upholding the rule of law.

Thank you for your attention to this matter. I look forward to your response and any actions your office may take to address these concerns.

Sincerely,
