

ROLLER SHADE - FASCIA ASSEMBLY

1 MOUNT THE BRACKET TO WINDOW

The brackets are mounted to the window frame or wall with at least two screws per bracket. The open end of each bracket faces downward. See Fig 1.

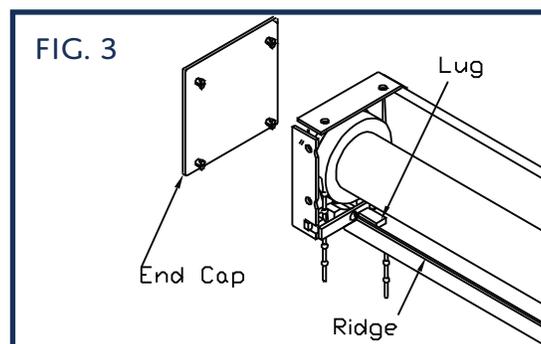

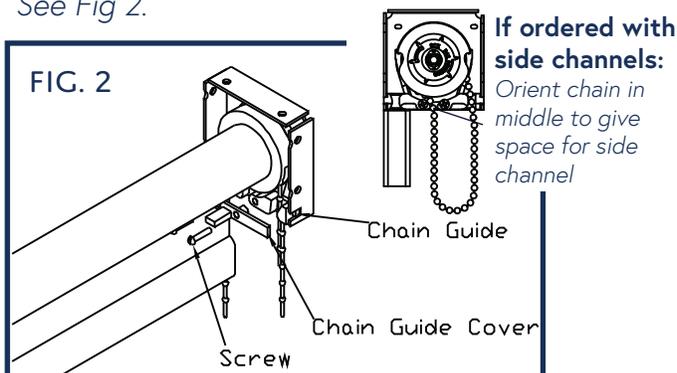

2 INSTALL THE SHADE TO THE BRACKETS

First install end plug of the shade into the bracket, then push the clutch end into the bracket

3 FIT CHAIN GUIDE AND COVER TO BRACKET

Make sure ball chain goes through guide and cover. Secure by using M4 screws provided. See Fig 2.

4 INSTALL FASCIA

Make sure the lug on the bracket locked with the ridge of the fascia. See Fig 3

5 FIT END CAP

Fit the end cap, if ordered. See Fig 3 for square end cap, and Fig 1 for curved endcap.
