

1 in 1 THE ULTIMATE™ **combo**

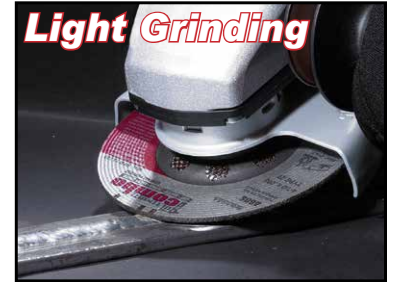

CUT • NOTCH • DEBUR • LIGHT GRIND

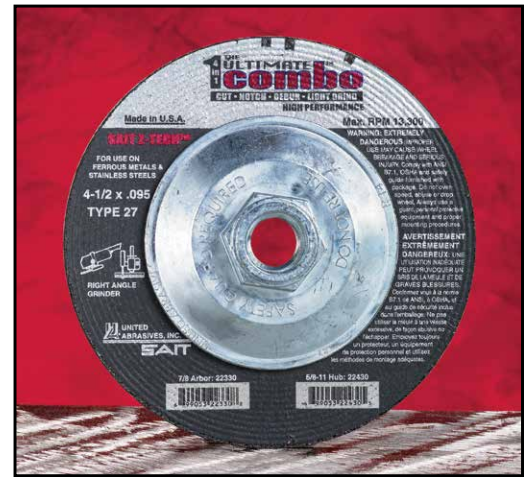

Made in the U.S.A.

4 APPLICATIONS WITH JUST 1 WHEEL

Less Wheel Changes = Greater Productivity

.095"
Triple Reinforced
For Added Safety!

A60S - General Purpose

- Aluminum oxide grain
- Provides consistent performance with long life for cutting, notching, deburring, & light grinding

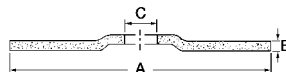

Z-Tech - High Performance

- Tough zirconium grain
- High performance cutting, notching, deburring, and light grinding for the toughest applications

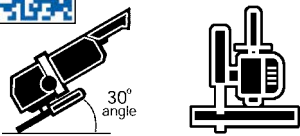

METAL Ferrous metals (steel, angle iron, rebar)

METAL Ferrous metals (iron, steel, welds)

STAINLESS Stainless steel, high tensile alloys

Size			Max RPM	Grades Available
