THE WORLD'S MOST DURABLE STRIKING TOOLS

DURABILITY:

- A. UNBREAKABLE® HANDLE TECHNOLOGY** - steel core eliminates breaking during overstrikes
- B. TRADEMARK GREEN HEAD** - hi-vis, drop forged 46 hrc head endures the most demanding applications and adds instant identification

SAFETY:

- C. SAFETY PLATE** - secures head to handle preventing head dislodging
- D. ANTI-VIBE NECK** - thick, tapered neck absorbs vibration reducing worker fatigue
- E. NO-SLIP GRIP** - vulcanized rubber handle for secure grip while striking

POWER LINK PLUG IN. POWER UP.

Edwards' exclusive PowerLink™ System transforms your ironworker into a central power hub for our growing range of hydraulic tools. This innovative system allows you to seamlessly connect and operate multiple tools from a single power source, vastly expanding your workshop's capabilities.

Simply plug in and power up to enhance your fabrication processes. With PowerLink, your ironworker does more than punch, bend, and cut; it becomes a cornerstone of versatility and productivity in your shop, all while embodying the robust American manufacturing spirit.

NEW ARMORGLIDE TECHNOLOGY

TABLE SAWS

JOINTERS

BANDSAWS

LOW FRICTION
ArmorGlide tables require 50% less force, so you get more control.

ENHANCED VISIBILITY
The dark surface reduces glare, so you can see where you're cutting better.

MAINTENANCE FREE
Get rid of the waxes and messy cleaning supplies; do more of what you love.

DURABLE COATING
ArmorGlide tables can withstand 250,000 passes without showing signs of wear.

RUST RESISTANT
Ditch the steel wool and never worry about rust again.
