

1/4" GRINDING WHEELS

1/4" GRINDING WHEELS

WELD PREP: Beveling edges, fitting up (grinding pieces to fit prior to welding).

CLEAN UP: Grinding welds down to an acceptable size, removing weld spatter, cleaning edges of torch or plasma cut plate.

.045" THIN CUT-OFF WHEELS

Cutting tubes, pipes, rebar, threaded rod, bolts, sheet metal, spiral wound pipe, angle iron, formed metal (e.g. overhead door track), flat bar, railings etc.

Type 1 wheels offer superior operator feel, type 27 allows flush and straighter cuts with a higher safety margin.

.045" CUT-OFF WHEELS

CHOP SAW WHEELS

Cutting tubes, pipes, rebar, threaded rod, bolts, angle iron, channel iron, formed metal (e.g. overhead door track), flat bar, railings, steel studs.

FLAP DISCS

Grind and blend light welds in one pass, deburr edges, clean up welding spatter, break edges on heavier plate, prepare surfaces for painting on heavier weldments (e.g. farm machinery, truck frames and bodies, machinery etc).

FIBER DISCS

Blend welds on sheet metal and light structural steel parts, blend welds on stainless parts prior to polishing, deburr and break edges, clean off spatter.

GAS SAW WHEELS

Cutting tubes, pipes, rebar, fencing, railings, roof decking, angle iron, steel grating, scrap yard applications. Concrete pipes, flooring, precast panels, bricks, pavers, stone, PVC pipes.

WIRE WHEELS & BRUSHES

Surface cleaning to remove rust, paint and discoloration from welding, light deburring, clean out slag from welds in pipe and plate fabrication when required, cleaning inside parts, surfaces preparation and cleaning prior to welding.

CHOP SAW WHEELS

STEEL FABRICATORS

- A24T T27 grinding wheels (pg 8)
- Z24R T27 grinding wheels (pg 8) for superior life and performance.
- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- SAIT EZ-Chop Attacker & Iron Worker chop saw wheels (pgs 44)
- Steel Worker & TMX metal cutting carbide blades (pg 52)
- Encore Plus & Ovation Plus flap discs (pgs 62-63)
- Wire Brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

STAINLESS STEEL FABRICATORS

- XA24Q T27 grinding wheels (pg 12)
- Saitech UP & Saitech Attacker T27 grinding wheels (pg 10) for superior life & performance
- Ultimate Cut .045" thin cut-off wheels (pgs 32-33)
- Saitech chop saw wheels (pg 45)
- Stainless metal cutting carbide blades (pg 53)
- Ovation Attacker Plus flap discs (pg 62)
- Stainless Steel wire Brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

ALUMINUM FABRICATORS

- A46N T27 grinding wheels (pg 12)
- A46N & Ultimate Cut .045" thin cut-off wheels (pgs 30-33)
- Aluminum chop saw wheels (pgs 45)
- Aluminum metal cutting carbide blades (pg 53)
- Encore Plus & Ovation Plus flap discs (pgs 62-63)
- Stainless steel wire Brushes (pgs 116-124)
- Non Ferrous Carbide Burs (pgs 126-127)

STAINLESS STEEL FOOD SERVICE & PHARMACEUTICAL EQUIPMENT FABRICATORS

- 3A & 9S bulk fiber discs (pgs 74, 76)
- Ultimate Cut .045" thin cut-off wheels (pgs 32-33)
- Ovation Attacker Plus flap discs (pg 62)
- 3A laminated discs (pg 88-89)
- 3A & 2A Flap Wheels (pgs 70-71)
- Spiral Bands & Cartridge Rolls (pgs 100-102)
- Non Woven hand pads (pg 106)
- Non woven & Interleaf flap wheels (pg 111)
- Grind & Finish and Sand-Light flap discs (pg 112)
- Convolute wheels (pg 115)
- Stainless Steel wire Brushes (pgs 116-124)

SHEET METAL FABRICATORS

- 2A for general purpose work in steel, Z for improved performance (pgs 74,75)
- 3A for standard stainless steel, 9S for high production or heavier stainless jobs (pgs 74,76)
- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- Ultimate Cut .045" thin cut-off wheels for Stainless Steel (pgs 32-33)
- SAIT EZ-Chop Attacker chop saw wheels (pg 44)
- Encore Plus & Ovation Plus flap discs (pgs 62-63)
- 4S & 6S Hook & Loop paper discs (pg 86, also available in adhesive PSA backed pg 85)
- Wire cup brushes (pgs 118,119)

MULTI TRADE: MILLWRIGHT-MECHANICAL-ELECTRICAL CONTRACTORS

Steel Jobs:

- A24T T27 grinding wheels (pg 8)
- Z24R T27 grinding wheels (pg 8) for superior life and performance.
- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- A60S Ultimate Combo .095" cutting & grinding wheels (pg 36)
- SAIT EZ-Chop Attacker & Iron Worker chop saw wheels (pgs 44)
- Steel Worker & TMX metal cutting carbide blades (pg 52)
- Encore Plus & Ovation Plus flap discs (pgs 62-63)
- Wire Brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

Stainless Jobs:

- XA24Q T27 grinding wheels (pg 12)
- Ultimate Cut .045" thin cut-off wheels (pgs 32-33)
- Z-Tech Ultimate Combo .095" cutting & grinding wheels (pg 36)
- Saitech chop saw wheels (pg 45)
- Stainless metal cutting carbide blades (pg 53)
- Ovation Attacker Plus flap discs (pg 62)
- Stainless Steel wire Brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

PIPE FABRICATORS & PRESSURE

VESSEL SHOPS

Steel Jobs:

- A24T T27 grinding wheels (pg 8)
- Z24R T27 grinding wheels (pg 8) for superior life and performance.
- Pipeline 1/8" wheels (pg 16)
- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- SAIT EZ-Chop Attacker & Iron Worker chop saw wheels (pgs 44)
- Ovation Plus flap discs (pg 62)
- Wire cup, wheel & stringer bead brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

Stainless Jobs:

- XA24Q non contaminating T27 grinding wheels (pg 12)
- XA24Q non contaminating 1/8" wheels (pg 38)
- Saitech 1/8" Pipeline wheels (pg 16)
- Ultimate Cut .045" thin cut-off wheels (pgs 32-33)
- Saitech chop saw wheels (pg 45)
- Ovation Attacker Plus flap discs (pg 62)
- Stainless Steel wire cup, wheel & stringer bead brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

RAILING SHOPS

Steel Jobs:

- A24T T27 grinding wheels (pg 8)
- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- SAIT EZ-Chop Attacker chop saw wheels (pg 44)
- Encore Plus & Ovation Plus flap discs (pgs 62-63)
- Carbide Burs (pgs 126-127)

Stainless Jobs:

- XA24Q T27 grinding wheels (pg 12)
- Ultimate Cut .045" thin cut-off wheels (pgs 30-31)
- Saitech chop saw wheels (pg 45)
- Encore Plus & Ovation Attacker Plus flap discs (pgs 62-63)

- Grind & Finish flap discs (pg 112)
- Stainless Steel wire Brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

Aluminum Jobs:

- A46N T27 grinding wheels (pg 12)
- A46N & Ultimate Cut .045" thin cut-off wheels (pgs 30-33)
- Aluminum chop saw wheels (pgs 45)
- Encore Plus & Ovation Plus flap discs (pgs 62-63)
- Grind & Finish flap discs (pg 112)
- Stainless steel wire Brushes (pgs 116-124)
- Non Ferrous Carbide Burs (pgs 126-127)

MRO SHOPS

- A24T T27 grinding wheels (pg 8)
- Mounted Points (pg 20)
- Bench grinding wheels (pg 22)
- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- A60S Ultimate Combo .095" cutting & grinding wheels (pg 36)
- Small diameter cut-off wheels (pg 40-41)
- SAIT EZ-Chop Attacker chop saw wheels (pg 44)
- Steel Worker & TMX metal cutting carbide blades (pg 52)
- Encore Plus & Ovation Plus flap discs (pgs 62-63)
- Belts (pgs 79-83)
- 9"x11" cloth & paper sheets (pgs 90-92)
- Shop Rolls (pgs 95-96)
- Heavy Duty laminated discs (pg 88-89)
- Flap Wheels (pgs 70-71)
- Non Woven hand pads (pg 106)
- Wire Brushes (pgs 116-124)
- Carbide Burs (pgs 126-127)

CONTRACTORS

Roofing & Siding

- Brute 12" & 14" Gas saw wheels (pg 46)

Drywall

- Stud King 14" chop saw blade (pg 45)
- 50 Yd Drywall rolls (pg 93-94)

Plumbing & HVAC (residential)

- DA-F mini shop rolls (pg 95)
- Wire cup brushes (pgs 118-119)
- Brass & Stainless small cleaning brushes, Acid brushes (pg 123)

Plumbing & HVAC (commercial-industrial)

- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- Steel Worker & TMX metal cutting carbide blades (pg 52)
- DA-F mini shop rolls (pg 95)
- Wire cup and wheel brushes (pgs 116-124)

Fencing

- SAIT Pro 12" & 14" gas saw wheels (pg 46)

Rebar

- Z-Tech .045" thin cut-off wheels (pgs 30-31)
- SAIT Pro 12" & 14" gas saw wheels (pg 46)

Concrete

- C16 cup stones (pg 19)
- Hand & floor rubs (pg 23)
- C24R 12" & 14" gas saw wheels (pg 47)
- Wire cup brushes to clean wheel barrows, hand tools (pgs 116-124)
