

REUSABLE  
MORE COST EFFECTIVE  
ZERO WASTE

WHAT IS WRAP PALL?

HOW DOES IT WORK?

1. Pallet Wrapping Pooling Service
2. We deliver the number of wraps you require
3. We only charge rental of each Wrap-Pall in your possession
4. We collect when you're finished, or deliver more when you need them

# INDUSTRIES

Logistics, Warehousing & Distribution

Manufacturers of:

Food & Drink

Building Materials

Printing Materials / Products....

Basically, anything which is produced and then distributed on a Pallet will be better served when wrapped with a Wrap Pall!

## BENEFITS OF WRAP PALLS

1. **Wrap-Pall products are designed to reduce polythene whilst ensuring safe & loading of your goods whilst in transit**
2. **Zero Polythene waste, each Wrap-Pall can be used approximately 1,500 times before needing to be replaced!**
3. **By renting Wrap-Palls, you only pay when you have them**
4. **Save between 30-70% on your Pallet Wrapping costs compared to traditional Stretch or Shrink Film**

SETUP	RENTAL
£75 per Wrap Pall	10p per day

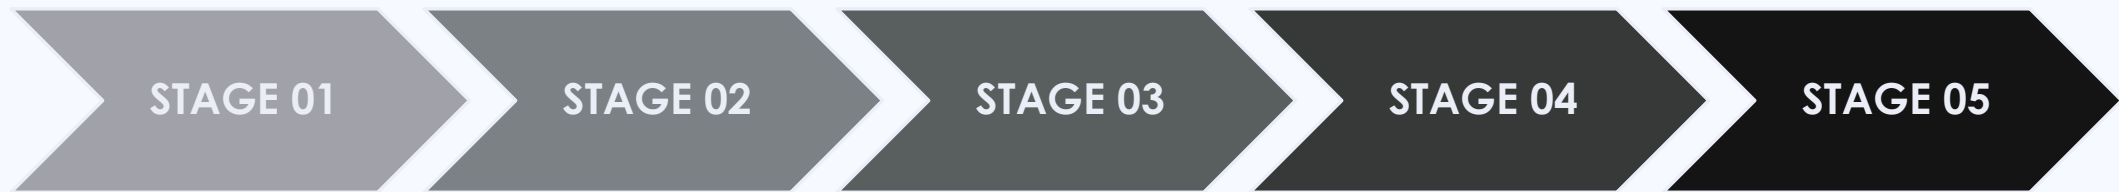

## Pricing/packages

By utilising our pooling system, you only pay whilst the Wrap Palls are in your possession.

If you no longer need them, we'll collect the next day and your rental charges will stop.

If your Wrap Palls leave your premises to go to another Business, let us know where they've been delivered to and we'll arrange for your customer to use them or simply collect them for one of our other customers to benefit

# WRAP PALL POOLING SYSTEM

Work out how many pallets you need to wrap (per day, week or month)

Place your order with us, we deliver next day if necessary

Wrap your goods and dispatch your products

Goods arrive and are unpacked

Re-use yourselves, or let us know if they're at a different business premises and we'll contact them to arrange collection

# COMPARISON

## STRETCH WRAP

Average cost to wrap in Stretch Wrap is approximately 25-50p, all depending on so many attributes or conditions:

Machine or Hand Applied

Film thickness

User application preference

Once used, can't be used again

## WRAP PALL

Cost per Pallet Wrap approx. 10p-17.5p

No need for machinery taking up space

Walk around the Pallet just once

Once used, Use It Again!

Zero Polythene Waste

## Next steps

First – How many pallets do you wrap per day, week or month?

Second – Tell us

Third – Accept delivery
