Some may also be submitted to local newspapers and 4-H NL's Communication Department and used in publications and promotional materials.

I understand that participating in 4-H is voluntary and involves a certain degree of risk concerning some 4-H activities. Minimum expectations for 4-H Members:

- Members, together with their group, will participate in at least one outreach or volunteer event.
- Participate in and complete project requirements as outlined by project leader(s).
- Members must attend 75% of each project, including general meetings, for their 4-H year to be counted as a qualifying 4-H year.

Why is this important?

Travel – Did you know that when you apply for travel there are requirements for years of experience as a 4-H member? If you are enrolled in 4-H for two years but have not completed 75% of those years, these years do not count when applying, thus, you have no prior years for travel and would not be considered.

Returning Members – If you do not complete 75% of the year, you will be considered a new member when registration starts. Returning members are given first opportunity for registration. In fairness to those attending and those looking for the opportunity to join, you will be required to attend 75% in order to qualify as a returning member.

- Members must participate in a club’s achievement event for your 4-H year to be considered as a qualifying year. Local Achievement events are held each year. Locals consist of presentation of a speech or demonstration at a special event held outside of 4-H regular meetings. Members may also have the opportunity to present at general meetings by talking about what they have been working on at a project level. However, each club has final say on the level of presentation for participation requirements to be met.
- When applying for anything 4-H related (conferences, travel, scholarships, etc.), please remember that you are to notify the coordinator of your club via email, as well as ensuring that all requirements of the application are complete. Failure to complete all necessary steps will automatically default your application. Therefore, you will not be considered for the opportunity.

We have read and understand the commitment required to be a member of 4-H NL Clubs.
