As the Ohio Constitution is indeed bound to and by the provisional articles written within the **Constitution of the UNITED STATES of AMERICA** in where at **Article VI section 2, the Supremacy Clause**, it is expressed that "This Constitution, and the laws of the United States which shall be made in pursuance thereof; and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every state shall be bound thereby, anything in the Constitution or laws of any State to the contrary notwithstanding."

Bearing in Mind that Even in the application of the Ohio Revised Code Article I, Section 18, Suspension of laws in where it is written "No power of suspending laws shall ever be exercised, except by the General Assembly." This became Effective in the year of 1851 as a provisional article in Ohio's subjective Constitution, a constitution in which is no doubt, pursuant to Ohio Revised Code Section 1307.103(A) Sections 1307.101 to 1307.603 of the Revised Code, in which may be cited as "Uniform Commercial Code, documents of title, in which at and in accord with Section 1307.103(UCC 7-103), are subject to any treaty or statute of the United States or regulatory statute of this state (STATE OF OHIO) to the extent the treaty, statute, or regulatory statute is applicable.

4. **All Members shall** refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any state, or in any other manner inconsistent with the Purposes of the United Nations.

5. **All Members shall** give the United Nations every assistance in any action it takes in accordance with the present Charter, and shall refrain from giving assistance to any state against which the United Nations is taking preventive or enforcement action.

6. **The Organization** shall ensure that states which are not Members of the United Nations act in accordance with these Principles so far as may be necessary for the maintenance of international peace and security.

7. Nothing contained in the present Charter shall authorize the United Nations to intervene in matters which are essentially within the domestic jurisdiction of any state or shall require the Members to submit such matters to settlement under the present Charter; but this principle shall not prejudice the application of enforcement measures under Chapter VII.

CHAPTER VI PACIFIC SETTLEMENT OF DISPUTES

Article 33 1. The parties to any dispute, the continuance of which is likely to endanger the maintenance of international peace and security, shall, first of all, seek a solution by negotiation, enquiry, mediation, conciliation, arbitration, judicial settlement, resort to regional agencies or arrangements, or other peaceful means of their own choice. 2. The Security Council shall, when it deems necessary, call upon the parties to settle their dispute by such means.

2. A state which is not a Member of the United Nations may bring to the attention of the Security Council or of the General Assembly any dispute to which it is a party if it accepts in advance, for the purposes of the dispute, the obligations of pacific settlement provided in the present Charter.
3. The proceedings of the General Assembly in respect of matters brought to its attention under this Article will be subject to the provisions of Articles 11 and 12.

CHAPTER VII ACTION WITH RESPECT TO THREATS TO THE PEACE, BREACHES OF THE PEACE, AND ACTS OF AGGRESSION

Article 40 In order to prevent an aggravation of the situation, the Security Council may, before making the recommendations or deciding upon the measures provided for in Article 39, call upon the parties concerned to comply with such provisional measures as it deems necessary or desirable. Such provisional measures shall be without prejudice to the rights, claims, or position of the parties concerned. The Security Council shall duly take account of failure to comply with such provisional measures.

Article 41 The Security Council may decide what measures not involving the use of armed force are to be employed to give effect to its decisions, and it may call upon the Members of the United Nations to apply such measures. These may include complete or partial interruption of economic relations and of rail, sea, air, postal, telegraphic, radio, and other means of communication, and the severance of diplomatic relations.

Article 48 1. The action required to carry out the decisions of the Security Council for the maintenance of international peace and security shall be taken by all the Members of the United Nations or by some of them, as the Security Council may determine. 2. Such decisions shall be carried out by the Members of the United Nations directly and through their action in the appropriate international agencies of which they are members.

Article 49 The Members of the United Nations shall join in affording mutual assistance in carrying out the measures decided upon by the Security Council.

Article 50 If preventive or enforcement measures against any state are taken by the Security Council, any other state, whether a Member of the United Nations or not, which finds itself confronted with special economic problems arising from the carrying out of those measures shall have the right to consult the Security Council with regard to a solution of those problems.

Article 51 Nothing in the present Charter shall impair the inherent right of individual or collective self-defense if an armed attack occurs against a Member of the United Nations, until the Security Council has taken the measures necessary to maintain international peace and security. Measures taken by Members in the exercise of this right of self-defense shall be immediately reported to the Security Council and shall not in any way affect the authority and responsibility of the Security Council under the present Charter to take at any time such action as it deems necessary in order to maintain or restore international peace and security.

CHAPTER VIII REGIONAL ARRANGEMENTS

Article 52

1. Nothing in the present Charter precludes the existence of regional arrangements or agencies for dealing with such matters relating to the maintenance of international peace and security as are appropriate for regional action, provided that such arrangements or agencies and their activities are consistent with the Purposes and Principles of the United Nations.
2. The Members of the United Nations entering into such arrangements or constituting such agencies shall make every effort to achieve pacific settlement of local disputes through such regional arrangements or by such regional agencies before referring them to the Security Council.
3. The Security Council shall encourage the development of pacific settlement of local disputes through such regional arrangements or by such regional agencies either on the initiative of the states concerned or by reference from the Security Council.

2. The term enemy state as used in paragraph 1 of this Article applies to any state which during the Second World War has been an enemy of any signatory of the present Charter.

Article 54 The Security Council shall at all times be kept fully informed of activities undertaken or in contemplation under regional arrangements or by regional agencies for the maintenance of international peace and security.

Article 55 With a view to the creation of conditions of stability and well-being which are necessary for peaceful and friendly relations among nations based on respect for the principle of equal rights and self-determination of peoples, the United Nations shall promote: a. higher standards of living, full employment, and conditions of economic and social progress and development; b. solutions of international economic, social, health, and related problems; and international cultural and educational cooperation; and c. universal respect for, and observance of, human rights and fundamental freedoms for all without distinction as to race, sex, language, or religion.

Article 74 Members of the United Nations also agree that their policy in respect of the territories to which this Chapter applies, no less than in respect of their metropolitan areas, must be based on the general principle of good-neighborliness, due account being taken of the interests and well-being of the rest of the world, in social, economic, and commercial matters.

United Nations Declaration on the Rights of Indigenous Peoples

[without reference to a Main Committee (A/61/L.67 and Add.1)]

61/295. United Nations Declaration on the Rights of Indigenous Peoples

... Adopts the United Nations Declaration on the Rights of Indigenous Peoples as contained in the annex to the present resolution. - 107th plenary meeting 13 September 2007

The General Assembly,

Guided by the purposes and principles of the Charter of the United Nations, and good faith in the fulfilment of the obligations assumed by States in accordance with the Charter

Affirming that indigenous peoples are equal to all other peoples, while recognizing the right of all peoples to be different, to consider themselves different, and to be respected as such,

Affirming also that all peoples contribute to the diversity and richness of civilizations and cultures, which constitute the common heritage of humankind,

Affirming further that all doctrines, policies and practices based on or advocating superiority of peoples or individuals on the basis of national origin or racial, religious, ethnic or cultural differences are racist, scientifically false, legally invalid, morally condemnable and socially unjust,

Reaffirming that indigenous peoples, in the exercise of their rights, should be free from discrimination of any kind,

Concerned that indigenous peoples have suffered from historic injustices as a result of, inter alia, their colonization and dispossession of their lands, territories and resources, thus preventing them from exercising, in particular, their right to development in accordance with their own needs and interests,

Recognizing the urgent need to respect and promote the inherent rights of indigenous peoples which derive from their political, economic and social structures and from their cultures, spiritual traditions, histories and philosophies, especially their rights to their lands, territories and resources,

Recognizing also the urgent need to respect and promote the rights of indigenous peoples affirmed in treaties, agreements and other constructive arrangements with States,

Welcoming the fact that indigenous peoples are organizing themselves for political, economic, social and cultural enhancement and in order to bring to an end all forms of discrimination and oppression wherever they occur,

Convinced that control by indigenous peoples over developments affecting them and their lands, territories and resources will enable them to maintain and strengthen their institutions, cultures and traditions, and to promote their development in accordance with their aspirations and needs,

Recognizing that respect for indigenous knowledge, cultures and traditional practices contributes to sustainable and equitable development and proper management of the environment,

Emphasizing the contribution of the demilitarization of the lands and territories of indigenous peoples to peace, economic and social progress and development, understanding and friendly relations among nations and peoples of the world,

Recognizing in particular the right of indigenous families and communities to retain shared responsibility for the upbringing, training, education and well-being of their children, consistent with the rights of the child,

Considering that the rights affirmed in treaties, agreements and other constructive arrangements between States and indigenous peoples are, in some situations, matters of international concern, interest, responsibility and character,

Bearing in mind that nothing in this Declaration may be used to deny any peoples their right to self-determination, exercised in conformity with international law,

Convinced that the recognition of the rights of indigenous peoples in this Declaration will enhance harmonious and cooperative relations between the State and indigenous peoples, based on principles of justice, democracy, respect for human rights, non-discrimination and good faith,

Offering Harmonious Peace,

Section I.

From Ourselves and the rest of the **Tribe Mu'Penetopo Kataru (MURU)** and through Our self-governance by and through the **Allodial American National Tribal Government** and the **Ministerial service** from The Unincorporate **Ministry for Sovereign Tribes of America (MSTA)** in where we extend Our Most Divine salutations to the government of the **CITY OF MASSILLON** and ALL Corporations doing business and the residents of and in its jurisdiction, with also giving Notice to any and all non-residents (indigenous and non-indigenous) of this Action of **[Sovereign] State** in which bears with and within it this purpose:

Section II

To further give the **CITY OF MASSILLON** Proclamation and Notice of Our Declaration of Our being a Sovereign nation, while maintaining Our offer of Peace as we continue Our revived aborigines/indigenous growth and development, in which is Our natural right.

Section III

We are making known Our recognition and expressing Our Acceptance of the **Apostolic Letter** given **July 11th, 2013** and made Effective September 1st, 2013 which was issued 'Motu Proprio' by Pope Francis in his capacity as Supreme Pontiff which claims to be historic on multiple levels, but most significant above all others in that it recognizes the supremacy of the **Golden Rule**, *the same teaching ascribed to Jesus Christ* and the intimate connection to the **Rule of Law**, that **all are subject to the Rule of Law**, no one is above law [Section 8(e)].

Section IV

Also recognizing and being accepting to the **General Civil Orders of June 10th, 2014**, which, before the Pope Francis and "all nations" and upon the civil, commercial and canon authority and by the living hands and testaments, jointly sworn by Judge anna-maria-wilhelmina-hanna-sophia:reizinger-von reitzenstein von lettow-vorbeck and Judge james-clintwood:belcher, and giving focus to where it is mentioned:

[UCC 7-104(b)(c)]

American Negroes have in the past been considered “US citizens” because that is the only “*citizenship*” they were ever granted after the Civil War, a grave travesty of justice that resulted in them having only “*civil rights*” which are only *privileges* granted by the “US Congress” instead of the “*Natural and Unalienable Rights*” they are really heir to. They were *also* claimed as chattel backing the debts of the *United States’ prohibitions abolishing slavery and peonage*.

Section V

A prompt correction is available from the organic states by proclamation. The people in the organic states are granted full and *immediately recognizable status* as “**American Nationals**” owed all the “*Natural and Unalienable Rights*” of any other organic State Citizen, *no matter which geographically defined state* they may inhabit on the land. The only exceptions are those residents born within (inside) the borders of the Insular States — District of Columbia, Guam, Puerto Rico, etc. — who **must self-declare their status under Article 15 of The Universal Declaration of Human Rights**.

Section VI

By the hand and upon her civil authority set the 4th day of July, 2014 Anna Maria Wilhelmina Hanna Sophia Riezinger-von Reitzenstein von Lettow-Vorbeck, Private Attorney in service to His Holiness, Pope Francis issued a Notice of General Civil orders and giving focus to where, we recognize and accept that which is of mentioned where it is written:

All those **(E)states and ESTATES** erroneously believed to represent the American States and American State Citizens and which were conveyed by fraud and legal deceit to the United States of America (minor) and more recently to the City-State of the United Nations, are re-venued without exception to the geographically defined American States and the American State Citizens where they shall remain in perpetuity as assets belonging to the rightful and lawful beneficiaries. All legal fiction entities however structured and named after the American States and American State Citizens are returned to them and their control, free and clear of any debt, promise, encumbrance or obligation alleged against them as a result of false claims made “in their behalf” by officers of the United States of America, Inc. and the UNITED STATES, INC. or by any foreign officials operating the United States of America (minor), or the United Nations City State falsely claiming to “represent” them or have jurisdiction over them.

Section VII

Affirming Pursuant to the Constitution **Article I, Section 9, Clause 8**: Titles of Nobility and Foreign Emoluments

[UCC 7-104(b)(c)]

states that No Title of Nobility shall be granted by the United States: And no Person holding any Office of Profit or Trust under them, shall, without the Consent of the Congress, accept of any present, Emolument, Office, or Title, of any kind whatever, from any King, Prince, or foreign State

Section VIII

Hereby, holding the governmental and corporate organs of the **CITY OF MASSILLON** responsible for the fulfilment of their obligatory duty and/or duties to fully respect the Sovereignty and the *“Natural and Unalienable Rights”* in which *American Nationals [and State Nationals]*, indigenous or non-indigenous, are owed. We all have right to Correct our private, public, social and political Status”. We also have a right to hold those who ignore Our sovereign status’ Accountable.

Do the Regulators of THE CITY OF MASSILLON Affirm or Reject this Responsibility?

Section IX

The fact and the truth the mentioned Apostolic Letter, and both the General Civil Orders of June 10th, 2014 and July 4th, 2014 has now been adopted by the Tribe Mu’Penetopo Kataru and through Our self-governance by and through the Allodial American National Tribal Government and the Ministerial service from The Unincorporate Ministry for Sovereign Tribes of America in where we extend Our offering of Peace and Our promise and harmony without fear.

Divinely, Lawfully and Peacefully,

Annex: INDIGENOUS AND TRIBAL PEOPLES' RIGHTS OVER THEIR ANCESTRAL LANDS AND NATURAL RESOURCES Norms and Jurisprudence of the Inter-American Human Rights System

Calling to Mind the following:

section(s)

69. Given that the foundation of territorial property lies in the historical use and occupation which gave rise to customary land tenure systems, **indigenous and tribal peoples' territorial rights** "exist even without State actions which specify them" or without a formal title to property. Official recognition "should be seen as a process of 'production of evidence establishing the prior ownership of the communities' " and **not as a grant of new rights**. Territorial titling and demarcation are thus complex acts that do not constitute rights, but merely recognize and guarantee rights that appertain to indigenous peoples on account of their customary use. The organs of the Inter-American system have held that **the American Convention is violated when indigenous lands are considered to be state lands because the communities lack a formal title of ownership or are not registered under such title**. A legal system which subjects the exercise and defense of the property rights of indigenous and tribal peoples' members to the existence of a title of private, personal or real ownership over ancestral territories, is inadequate to make such rights effective;

Also Borne in Mind

80. It has also been held by the IACHR that States are under a **duty to grant** to indigenous and tribal peoples "**lands, at no cost**, of sufficient extent and quality to conserve and develop their ways of life." The test to determine whether the lands are sufficient in size and quality is whether the members of the community **living** in that area are or **will be guaranteed the continuous exercise of the activities** from which they derive their livelihood, and on which the preservation of their culture depends. The right to a territory of sufficient quality and extent is particularly relevant for certain types of indigenous and tribal peoples whose sociocultural specificity, and whose concrete situations, require a special level of protection. Hence, in the case of **hunter-gatherer** indigenous communities, who are characterized by itinerant residence patterns, "the area transferred **must be sufficient for conservation** of their form of life, to ensure their **cultural and economic viability, as well as their own expansion**".

KEEPING BORNE IN MIND

Traditional possession of ancestral territories has effects equivalent to those of State-issued full ownership property titles, and gives indigenous and tribal peoples the right to official recognition of their property. The Inter-American Court has explained that “as a result of customary practices, possession of the land should suffice for indigenous communities lacking real title to property of the land to obtain official recognition of that property, and for consequent registration.” At the same time, it must be emphasized that possession of ancestral territories is not a pre-condition for the existence, recognition or restitution of the right to property of an indigenous or tribal people; indeed, indigenous peoples or communities who have been deprived of possession of their territories in whole or in part, preserve their full property rights over them, and have the right to claim and obtain their effective restitution. (...), “the Court considered that the (...) people were the ‘legitimate owners of their traditional lands’ although they did not have possession thereof, because they left them as a result of the acts of violence perpetrated against them.” Pursuant to INDIGENOUS AND TRIBAL PEOPLES’ RIGHTS OVER THEIR ANCESTRAL LANDS AND NATURAL RESOURCES (par. 111)

REALIZING

INDIGENOUS AND TRIBAL PEOPLES’ RIGHTS OVER THEIR ANCESTRAL LANDS AND NATURAL RESOURCES (par. 114) which states: In this same field, indigenous and tribal peoples and their members have a right to have their territory reserved for them, and to be free from settlements or presence of third parties or non-indigenous colonizers within their territories. The State has a corresponding obligation to prevent the invasion or colonization of indigenous or tribal territory by other persons, and to carry out the necessary actions to relocate those non-indigenous inhabitants of the territory who have settled there. The IACHR has regarded illegal invasions and intrusions of non-indigenous settlers as threats, usurpations and reductions of the effective rights to property and possession of territory by indigenous and tribal peoples, which the State is in the obligation of controlling and preventing. In the same sense, Article 18 of ILO Convention No. 169 establishes that “[a]dequate penalties shall be established by law for unauthorized intrusion upon, or use of, the lands of the peoples concerned, and governments shall take measures to prevent such offences.”

REALIZING ALSO

165. The lack of access to ancestral territory prevents the exercise of indigenous and tribal peoples’ right to self-determination. The U.N. Declaration on the Rights of Indigenous Peoples explicitly recognizes indigenous peoples’ right to self-determination. ILO Convention No. 169 also recognizes *the aspirations of indigenous peoples to control their own institutions, ways of life and economic development* “within the framework of the state in which they live. “There is a direct relation between self-determination and land and resource rights.

FURTHER REALIZING

357. As a general rule, indigenous and tribal peoples have the right of access to justice whenever there are **threats or violations of their territorial rights, in any of their manifestations or components.** (...) States must ensure indigenous and tribal peoples’ **right of access to justice**, including **territorial claims; processes for the reclamation of lands; and requests for judicial precautionary injunctions** related to indigenous communities’ territorial rights. This enunciation is not, however, comprehensive.

XI. ANNEX: Charter of the United Nations | Principles which should guide Members in determining whether or not an obligation exists to transmit the information called for under Article 73a of the Charter.

not limited to but holding the CITY OF MASSILLON responsible in accord with and to the following:

Principle I The authors of the charter of the United Nations had in mind that **chapter xi** should be applicable to territories which were then **known to be of the colonial type**. An **obligation exists to transmit information** under Article 73e of the charter **in respect of such territories those peoples have not yet attained a full measure of self-government**.

Principle II **chapter xi** embodies the concept of Non-self-Governing Territories in a dynamic state of *evolution and progress* towards a "full measures of self-government". **As soon as territory and its peoples attain a full measure of self-government, the obligation ceases until this comes about, the obligation** to transmit information under Article 73 e **continues**.

Principle III The obligation to transmit information under Article 73e of the charter constitutes an international obligation and should be **carried out with due regard to the fulfilment of international law**.

Principle IV *Prima Facie* there is an obligation to transmit information in respect of a territory which **is geographically separate and is distinct ethnically and/or culturally from the country administering it**.

Principle V Once it has been established that such a *prima facie* case of geographical and ethnical or cultural distinctness of a territory exists, other elements may then be brought into consideration. These additional elements may be, *inter alia*, of an administrative, political, juridical, economic or historical nature. **If they affect** the relationship between the *metropolitan State and the territory concerned*, in a manner which arbitrarily place the latter in a position or status of subordination, **they support the presumption that there is an obligation** to transmit information under, Article 73 e of the Charter.

Gross Negligence is Fraud. Gross Fault is Fraud.

Further convinced, also, in consequence that any attempt aimed at the partial or total disruption of the national unity and territorial integrity of a State or country or at its political independence is incompatible with the purposes and principles of the Charter, considering the provisions of the Charter as a whole and taking into account the role of relevant resolutions adopted by its competent organs relating to the content of the principles [**of International Law**] so as to secure their more effective application within the international community, promoting the realization of the purposes of the United Nations.

XV. Consular Relations

Invoking, Keeping in mind, enforcing, and enjoying, as written in International Instrument #MPK2024DAS828 ‘our entitlement to the usage of **our own Consular Courts [and Relations]** as referred to in the affirmatively annexed Code of Laws of the United States of a General and Permanent Character at title 22, chapter 2 section 141 [Consular Courts], section 142 [General Jurisdiction in Criminal Cases], and section 143 [General Jurisdiction in Civil Cases] and exercising Our right to invoke provisions found within the Vienna Convention on Consular Relations [United Nation Conference on Consular Relations] (Vienna, 24 April 1963) and here having focus on Chapter III [Privileges and Immunities, Diplomatic and Consular, etc.] Title 6 Article 10 [Appointments and Admission of Heads of Consular Posts] where this invocation Supports the sending of the **Allodial American National Indigenous Tribal Government** by, from and for the **tribe Mu’ Penetopo Kataru**, with the Ministerial, Diplomatic and Consular Relations and having a major part of the said assignment being that the **Allodial American National Indigenous Tribal Government** declare and establish a **Consular District and Post**, and upon this giving Notice of Declaration to the [municipal]“government” [already] in and of Our chosen, developing and/or established **Consular District and Post**, the assigned Head(s) of Consul, diplomats, shall immediately begin, in respect of the provisioned **Article 13 and Article 14 of the Vienna Convention on Consular Relations**, the exercise of their functions as states are mandated with the said provisional **Article 14** where it gives the receiving state, in this case, though not lawfully, the **CITY OF MASSILLON OHIO (D-U-N-S #626033658)**, the mandate to notify the competent authorities of the consular district while also **ensuring that the necessary measures are taken to enable the head of a consular post to carry out the duties of his office and to have the benefit of the provisions of the present Vienna Convention on Consular Relations.**’

XVI.

Not losing sight of the Truth that, also as written in **International Instrument #MPK2024DAS828**, 'while the presumed Receiving State [CITY OF MASSILLON OHIO] is a Municipality, a corporation, and, by law cannot be a Receiving State as the said corporation uses and occupies indigenous soil and it shall be known that *Whatever is affixed to the soil belongs to the soil* (Broom, Max. 401-43 and the presumed Sending state is actually a De jure form of Self-Government and is also of Aborigines/Indigenous continental American having intent, or is already enjoying the Right to Domicile in the Territory of mention and choice for and of Ministerial, Diplomatic and Consular District, Post and Relations. Where law gives its spirit, in this case the reality would be that the Sender is really the Receiver, and the Receiver is really the Sender. Let this current circumstance, as it be, not be indicative of the **CITY OF MASSILLON OHIO** or any other **Municipality** or **Non-Indigenous, Non-Mu'ur government** having any liberty to extinguish the Exercise of Our inalienable and unalienable Rights, specific prohibition on the interruption of **Our Divine, Diplomatic and Consular [Tribal] Relations.**'

The CITY OF MASSILLON does not possess and is not delegated Article III autonomy and therefore possesses no right to interrupt [nor engage in] Our Consular nor Ministerial Relations and should keep in mind such lawfully substantive truth as well as there being truth in the fact that the governmental body of the CITY OF MASSILLON has neglected to give a lawful and satisfactory response to international instrument # MPK2024DAS828 [interest], which gave reason for international instrument # MPK2024MST0908 [fault/default], which was ignored also and influenced the occurrence of international instrument # MPK2024MST0911 [dishonor], inter alia, which is an Affirmation of the CITY OF MASSILLON's, et al state of DISHONOR which is the cause for this granting of an Opportunity to Cure the DISRESPECT and DISHONOR in which has occurred and furthermore continues.

SECTION V – GENERAL CIVIL ORDERS

Civil orders were Issued to All Members of the Domestic Police Forces, US Marshals Service, the Provost Marshal, Members of the American Bar Association and the American Armed Services on the date of June 10th, 2014, where it expresses that “All those individuals engaged in employment as “federal” and “state” and “municipal” employees and “elected officials” are hereby given Notice that they are employees of private, for-profit corporations that are merely under contract to provide stipulated public services, having **no special status**, having **no immunity**, and having **no authority as sovereign nations or states**. Any actions that they take infringing on the rights and prerogatives of American State Citizens are criminal acts without exception and are to be treated as criminal acts. These individuals have **exactly the same standing as employees of any other commercial company**, and the rules, regulations, codes, and other “statutes” they enforce are obligations unique to those organizations only.”

Earlier in the same said Civil Orders, it is written “American Negroes have in the past been considered “US citizens” because that is the only “citizenship” they were ever granted after the Civil War, a grave error of justice that resulted in them only having “civil rights” which are privileges granted by the “US Congress” instead of the “Natural and Unalienable Rights” they are naturally heir to. They were also claimed as chattel backing the debts of the United States of America, Incorporated, despite both national and international prohibitions abolishing slavery and peonage. **A prompt correction is available from the organic states and by proclamation of these organic states**, they are granted full and immediately recognizable status as “American Nationals” owed all the “Natural and Unalienable Rights” of any other organic State Citizen, no matter which geographically defined state they may inhabit on the land. Such crimes shall also be considered contract default increasing the public debt **subject to bounty**.

Or by any foreign officials operating the United States of America (minor), or the United Nations City State falsely claiming to "represent" them or have jurisdiction over them.
