CyberCompass®

Navigating you to Cyber Resilience

CyberCompass Commander

Hiring a Chief Information Security Officer (CISO) or virtual CISO?
- Do you need a leader to build your information security program?
- Do you need expertise to improve your cyber resilience and meet compliance requirements?
- Are you tired of the 18 month CISO turnover rate, where they leave before your cyber resilience program is implemented?

What if there was a better approach?
- There is ...
  "*CyberCompass Commander Package*"
  a virtual Cyber Team: CISO, compliance officer, and privacy officer
- Includes assessment, written information security plan (WISP), and issue remediation.
- We save you 65% in time and implement a WISP.
- Where do you want your organization to be in two years?
  - Hiring another CISO or having a written information security plan?

SIMPLIFYING CYBERSECURITY, PRIVACY & COMPLIANCE

About us - What we do....
We build Information Security, Privacy, and Compliance Programs to improve your cyber resilience – saving you and your organization time and money.
