The Honorable Bernie Sanders (I-VT), Ranking Member
332 Dirksen Senate Office Building
Washington, D.C. 20510

Dear Leader Cassidy and Leader Sanders:

The Southern Christian Leadership Global Policy Initiative (SCL-GPI) urges Congress to view reform of the 340B Drug Pricing Program through the lens of civil rights and health equity. Access to affordable medicine is a matter of justice. The 340B program was designed to support hospitals and clinics serving marginalized populations, yet many of those communities remain excluded from its benefits.

Congress must restore 340B's integrity to protect the health and dignity of every American, especially those who are underserved. We call on you to act decisively to restore justice, transparency, and equity to the 340B system.

Respectfully,

Kevin B. Kimble, Esq.
