

Daily Schedule Recommendation

Hello ICA parents,

Here at Ignite we leave the daily schedule up to you. You know what works best for your family. This is just a recommendation, feel free to create your own. Especially for Elementary students, having a routine schedule helps tremendously. All of the Google classroom coursework is loaded at 8:00 AM CST. Feel free to start your day whenever you would like. We would like students to start their day off with a Morning Meeting. This encourages us to get in God's presence and putting God first is never a bad thing.
