The Studio Red Boosters are a 501(c)3 non-profit devoted to providing support to the Studio Red Dance Team. We strive to reach youth, parents, and the surrounding communities through the education of dance and the arts. Our hope is to inspire parents and the community through our fundraising efforts to provide educational, performance, training, and travel opportunities for these mid-coast community dancers.

We are grateful for the continued support of this extraordinary community

Thank you to Vanessa Knause and VK Studio RED for permitting us use of this space for our fundraising efforts and for being so supportive of our organization's mission
