

Elo Stacks on POS Value

Reinventing point of sale to embrace new forms of payment, engage shoppers, reward loyalty, and ensure fast service.

Elo POS Products

POS Peripherals

EloView®

The secure, enterprise grade all-in-one solution for remote content deployment and device management. Whether you need to push new content to a device or simply change the screen brightness, EloView has got you covered.

Device Management

Control your devices on the fly. With EloView you can adjust the volume, check for software updates and deliver existing POS apps and responsive websites to Android systems, all without leaving your desk.

App & Content Deployment

With the app and content libraries, changing the software or what's playing is as simple as upload drag-and-drop. And because it's Android, apps and websites from the mobile ecosystem just work!

Enterprise Integration

An open platform for integration with CMS and POS partners. EloView is modular and can be used with leading MDM platforms as well.

PayPoint

- Available with Windows, Android or for iPad
- Sleek, modern style built to last
- Peripherals are built in rather than bolted on - includes the register, cash drawer, MSR, barcode scanner, receipt printer and customer facing display
- Designed for ease of serviceability
- Flip-for-signature touch screen and electronic receipt delivery

X-Series All-in-One Touchscreen Computers

- 15" or 17" standard 4:3 aspect ratio and 20" wide-screen format
- Space-saving models with computing functionality integrated in the footprint of a standard LCD monitor
- Models available with a seamless zero-bezel design (uninterrupted surface area)
- Optional field-installable peripherals (magnetic stripe reader, customer-facing display, EMV, NFC/RFID, fingerprint reader, barcode reader) varies by model
- Choice of touchscreen technologies, single touch & multi-touch

E-Series All-in-One Touchscreen Computers

- 15" wide-screen AiO high performance touchcomputer with great value
- Elegant, retail-hardened touch solution with a small footprint and a quiet fan-less design
- Designed to fit on top of a cash drawer, or be wall or pole mounted
- Optional field-installable peripherals such as magnetic stripe reader and customer-facing displays
- Available with IntelliTouch® zero-bezel SAW or AccuTouch® micro-bezel resistive touch

I-Series Touchscreen Computers

- 10", 15", and 22" models
- Models available with Android and Windows (15" and 22" only) operating systems
- Wall-mount for endless aisle or optional stand for desktop use
- Landscape or portrait orientation
- Pure-glass touchscreens for superior image quality
- Using Elo's highly reliable PCAP touchscreen technology

Desktop Touchscreen Monitors

- Wide range of sizes from 7" to 24"
- Entry-level, multi-function and healthcare models
- Standard and wide-screen formats
- Models available with a seamless zero-bezel design (uninterrupted surface area)
- Base can be reversed or removed for wall-mount
- Multi-function units can be used with optional peripherals
- Choice of touchscreen technologies, single touch, dual touch & multi-touch
