

# 42" SLEEK INDOOR TOUCH KIOSK

Designed for your digital signage application

PALMER DIGITAL GROUP

Manufactured Kiosk Solutions  
A Division of IEC

## IDLK42

The PDG IDLK42 indoor landscape kiosk is designed to support the ELO 4202L touch display. This kiosk features a sleek minimalistic modern look with no bulky top cabinet to support the ELO display. The kiosk base has a radius bottom which provides a smooth transition to the base support.

This kiosk is part of PDG's family of indoor landscape kiosks and is perfect for content and CMS partners who want to buy and then re-sell to the end users.

The kiosk is constructed using 14 GA. high impact steel and built to take public traffic and bumps and bruises. It is perfect for malls, college campuses, retail locations and a host of other applications. This kiosk can be painted any color you desire and can also include printed decals and kiosk wraps.
