- The college is under 2(F) of UGC Act and affiliated to Gondwana University, Gadchiroli. In this Academic Year the college received the recognition as Research Centre for Ph.D degree in the subject of Social Work. The proposal for permanent affiliation is also sent to Gondwana University, Gadchiroli. The Academic Audit of the college is prepared and submitted online and hard copy to Gondwana University, Gadchiroli.
- The teachers conduct the lecture through different methods of teaching and use ICT tools. This helps the students to understand easily and enhance their interest in learning new and innovative things. The students have developed their ability to make presentation through power point, participate effectively in the group discussion, present their topics in the seminar. The college organizes different programmes, workshops, seminars for the students and many times the students conduct the programmes and participate actively. The students are also the members of many committees of the colleges, in this way they develop their leadership quality. However, in this Academic Year the classes are conducted online from 16th March, 2020 due to lockdown which had been began because of Covid19 (Corona) pandemic situation.
- In the Research area the students have become proficient. As per the curriculum of BSW and MSW the students have to do Mini-Research Project and Dissertation respectively. Therefore, the students effectively and scientifically conduct their research and in this way contribute to the addition of new knowledge. In the last three years more than three hundred students completed their research work and contributed to the knowledge.

- The students as per the curriculum conduct field work. The students directly approach the field and try to find out the problems of the society and do study for their solution. They learn it technically and try to have measures on the problems technically. The students organize a number of programs on various social issues for guiding the people of the community and make them aware of their own problems and solution. The students invite experts from the respective field to guide the people. In this way the students become proficient in conducting the programme, understanding the problems of the society and learning the methods of having the solution on the problems. The students guide the people and make them aware about the different schemes of the government. The students by visiting different agencies, going on Study Tour (Exposure visit) at district, state level they enhance their knowledge of different renowned agencies, their working process which heighten their knowledge and help them to work confidently, skilfully and effectively.
- The students participate in different rallies which are conducted by the college, government for the awareness of the people. The students also have contributed in the government schemes by directly participating in those events as “Cleanliness Awareness” Internship programmes of government, “Election Awareness”. In the current academic year the students had become “Ambassador” of Election for helping the voters during the time of voting. The students were selected by the government. This heightened the social knowledge of the students and have direct experience of involving in the social work.
- More than 90% of MSW passed students have got job early due to their academic excellence. Due to academic excellence many of the students got job in government offices also.
- Extension service of Library made facility available to borrow the books from the library freely especially for women and senior citizens of the community.
