

Our Philosophy

The philosophy behind our curriculum is an individualized education that meets the needs of every student providing a safe, positive, diverse environment and experiences that encourage students to achieve a well- developed spiritual life as well as academic.

Our Mission

To prepare students responsibly by educating them to become:

- 1 Leaders of the Community
- 2 Independent Critical Thinkers and to make mature choices

(These are just some to list) We expect to achieve this by providing a solid academic background and spiritual foundation.
