

ZT400™

Dependable Performance. Professional Results.

The new Jacobsen ZT400 series delivers the productivity, quality, and reliability expected with over 95 years of industry leading turf innovation.

- **High Horsepower** – Features powerful engines from Briggs & Stratton® and Kawasaki® to power you through up to 4.3 acres per hour.
- **Cutting System** – Offered in three cutting widths (48-, 54- and 60-inch), the deep deck easily tackles large volumes of grass and provides a more attractive after-cut appearance.
- **Proven Drivetrain** – Parker® HTE transmissions provide smooth, reliable steering and are up to 15% more fuel efficient than the competition.
- **Robust Deck Spindle** – The Turf Xtreme™ spindles are maintenance-free and provide longer bearing life with Contamination Exclusion Technology. The high-strength ductile iron is 60% stronger than aluminum housings.
- **Optional Accessories** – Add an electric deck lift for easy deck height adjustments, a foot-operated Operator Controlled Discharge Chute for opening and closing the discharge chute on the fly, springer forks or a suspension seat for a smoother ride.

ZT400 MODELS:

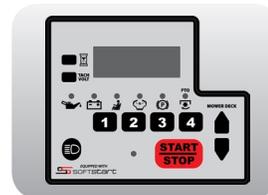

- 2248KW: 22 hp, 48-inch Deck
- 2454KW: 24 hp, 54-inch Deck
- 2554BR: 25 hp, 54-inch Deck
- 2460KW: 24 hp, 60-inch Deck
- 2560BR: 25 hp, 60-inch Deck

*Actual production model may vary.

NEW

ZT400
2454KW*

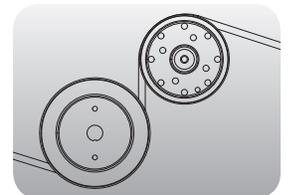

InCommand™ Console – Keyless ignition, SoftStart clutch engagement, and more

Parker® HTE – Smooth and efficient transmissions with 1,000 hour oil change intervals

PEER® Spindles – Sealed with Contamination Exclusion Technology for reliable performance

PerfectTension™ – Optimal belt tension to increase belt life expectancy up to three times

ZT400™

Zero-Turn Rotary Mower
