
Job Title – Production Supervisor

Location – Ballymena, Northern Ireland

Closing Date – 26th April 2025

About us

Due to demand in our innovate services and future growth plans, we have an excellent opportunity for someone to join our expanding team. Demanu are a product design and manufacturing company offering end to end product development with options for small batch contract manufacturing. Where we are unique is that we have a deep understanding of manufacturing through many years of shop floor experience and lean manufacturing.

As a company, we are agile and fast moving with a passion for bringing customers ideas to life. Our working environment is fun yet challenging and offers the chance to learn a wide range of skills through different styles of projects.

Job Description:

Take charge of production operations by leading and working alongside the team to ensure smooth workflows, high-quality standards, and timely outputs. Actively participate in hands-on tasks to support production staff, address challenges, and uphold safety protocols. Identify opportunities for process improvement, maintain equipment and inventory, and contribute to a positive and productive work environment while enforcing company policies.

Main Responsibilities:

- Supervise and collaborate with production staff in hands-on operations.
- Monitor quality, safety, and adherence to production schedules.
- Troubleshoot operational issues and provide practical solutions.
- Drive improvements in processes and overall efficiency.

Essential Criteria

- Computer Proficiency
- Organisational Skills
- Previous leadership role experience

To apply for the above role please email your CV with a short cover letter to info@demanu.co.uk
