Covers primarily civil works and related undertakings.

- Construction of building structures
 - Office Building, Schools
 - Residential Buildings
 - Manufacturing Buildings
 - Warehouses
- Roads, Drainage, Railway Construction

Policy coverage and benefits are only briefly outlined here.
For complete provisions, refer to the policy itself.

CONTRACTORS ALL RISKS INSURANCE (CARI)

Coverages

Fire, lightning, flood, earthquake and landslide, windstorm of any kind and other hazards covered except those, which are specifically excluded in the policy.

Material Damage

All works to be done by the contractor and/or subcontractor in compliance with the contract, including all materials stored on the site which will be incorporated in the structure.

Third Party Liability

Liability arising out of bodily injury or property damage suffered by third parties, occurring in connection with the contracts works on the project site.

Acceptability of risk is subject to evaluation based on set underwriting guidelines.

PREMIUM - Subject to the amount of coverage and evaluation of risk.
