

NOW WE WILL GO TO CHAPTER 7

I would just use biblehub's bible study for chapter 7 but they do not reference the Roman church (papacy), and instead, they use the Antichrist and Man of Lawlessness in their interpretations. The Man of Lawlessness was Nero, and Antichrist is a spirit that calls Jesus a god and not a man. So the bible study feature won't be useful for interpreting the final Roman beast

23 “Thus he said: ‘As for the fourth beast, there shall be a fourth kingdom on earth, which shall be different from all the kingdoms, and it shall devour the whole earth, and trample it down, and break it to pieces.

The first lion beast was Babylon, second bear beast was Media/Persia, third leopard beast was Greece and the fourth was Rome. Rome conquered all the regions of the first three beasts so it devoured the whole earth.

We will compare the identities of the beasts. First, the terrifying, dreadful beast is ancient Rome. They had teeth of iron which is it's power as in **Joel 1:6 "For a nation has invaded My land, powerful and without number; its teeth are the teeth of a lion.** Iron was one of the strongest metals, and primarily used for weapons. Rome conquered and devoured other civilizations and ethnic groups, forcing them to assimilate to the laws of the empire. Bronze was also used for warfare, and the claws are the way a beast attacks it's prey, so this focuses on it's military conquests and superior warfare and how it trampled nations, taking territory. In **Daniel 7:11 The body was destroyed and thrown into the blazing fire.** In **Revelation 13:3 One of its heads seemed to have a mortal wound, but its mortal wound was healed.** The head of the dreadful beast fell in 476 when the Western Roman Empire fell, meaning the governing structure of the emperor and senate fell. It was revived to become one of the seven heads of the European beast, the Holy Roman Empire in 800. At the time the head was revived, the the eastern Roman empire was called the Byzantine Empire.

Daniel 7:24 As for the ten horns, out of this kingdom ten kings shall arise, The horns of the dreadful beast are the entities of authority of the beast. As in chapter 8, they can be a specific ruler, or a series of rulers that hold an office. The horns rise, which is grow in power, after the fall of the empire. No longer does the emperor run this area, but established families, or bloodlines, called dynasties such as the Merovingian Dynasty and Carolingian Dynasty. The Western Roman Empire has 10 family dynasties, or royal houses of power, that arise on the head of the Western Roman Empire. These 10 family dynasties are present during the rule of the Western Roman empire, but rise up in power after the fall in 476 AD.

The following are the 10 kingdoms according to Gibbon - The History of the Decline and Fall of the Roman Empire

The Alemanni, A.D. 351, Suabia, Alsace, and Lorraine.

The Franks, A.D. 351, Northwest Gaul.

The Burgundians, December 31, A.D. 406. Located in Burgundy A.D. 420.

The Vandals, December 31, A.D. 406. Located in Spain A.D. 409. Settled in Africa A.D. 429.

The Suevi, December 31, A.D. 406. In Spain A.D. 409.

The Visigoths, A.D. 408. In Southwest Gaul A.D. 419. In Spain A.D. 467.

The Saxons entered Britain in A.D. 449.

The Ostrogoths, in Pannonia A.D. 453. In Italy A.D. 489, final conquest A.D. 493.

The Lombards, A.D. 453, in Pannonia and Noricum, banks of Danube. In Lombardy A.D. 567, 568.

The Heruli, in Italy A.D. 475, 476.

Daniel 7:(24) and another shall arise after them; he shall be DIFFERENT from the former ones, and shall put down three kings. 25 He shall speak words against the Most High, and shall wear out the saints of the Most High, and shall think to change the times and the law;

Daniel also mentions a different horn that would arise soon after the 10 horns are established in the late 400s. This "different" horn of Daniel 7, should not be confused with the "little" horn of Daniel 8, which describes the Seleucid Empire. This horn has eyes of a man. Eyes are described in **Proverbs 15:3 in every place, observing the evil and the good**. The mouth is the way the voice of the beast is issued. The voice is the will of the beast, so for a beast to speak, it means to decree or make laws and ordinances. If the mouth speaks great things, and great means expansive, so it would have influence over a very large area. The mouth is also described as speaking words of arrogance, even against the Most High, as well as changing His times and law. Blasphemy is standing in place of God's authority, as when Jesus was accused of blasphemy when he called himself the Son of God. This different horn is the papacy, which started in 325 at the council of Nicaea, and rises in power when there is no emperor to rule the land. The papacy even seems greater than its companions, by ruling alongside each dynasty. Later, in the 400s-500s they pluck the Heruli in Italy in 493, the Vandals in Spain and Africa in 533, and the Ostrogoths in Italy in 538. These three horns worshipped as Arians, and the papacy horn plucked them as retribution from the attacks described in the trumpet judgements in Revelation 8. This different horn made changes to the times and seasons in 325, even adding in new seasons such as All Saints Day and Christmas, which was covered in Revelation Chapters 2, 3, and 8.

Daniel 7:(25) and they shall be given into his hand for a time, times, and half a time. The rule of Nicene Christianity over Europe lasted 1260 years, fulfilling the timeline in Daniel 7 and in Revelation 13. It started in 388 AD, when the Theodosian Decrees were instituted in the Western Roman Empire after the fall of emperor Maximus. During this time the papacy would speak, which is the mouth of the European beast mentioned in **Revelation 13:5 The beast was given a mouth to speak arrogant and blasphemous words, and authority to act for 42 months**. The papacy horn made war with the saints and prevailed over them (Daniel 7:21) until the Peace of Westphalia in 1648. This also pertains to the dragon, before it became the red beast in chapter 20, when it was thrown down in **Revelation 12:10 "Now the salvation and the power and the kingdom of our God and the authority of his Christ have come, for the accuser of our brothers has been thrown down."** We see the connection between the dragon and the papacy in the church ages as well.

There are many connections from the dreadful beast to the sea beast in Revelation 13. If we start with the body, we see that it is a leopard like Greece, it has a mouth of a lion like Babylon, and the feet of a bear, like Medo-Persia. It was given authority over every tribe, people, tongue and nation, like the dreadful beast devoured the whole earth. The only beast that fits this description is Europe, who had authority over the literal earth at the height of colonization. Now we can see how parts of the dreadful beast transition to parts of the European sea beast in Revelation 13.

There are 7 heads on the sea beast, which is the number of horns that remained after the different horn of the papacy plucked 3 of them. There is land associated with the 10 groups of people as defined by Gibbon, and that is listed with the family bloodlines. The Vandals, originally from Spain, lose their North African land. The Heruli and the Ostrogoths in Italy are absorbed by the Holy Roman Empire. The 7 horns of the dreadful beast are now 7 territories of the Sea beast, and they form the beast of Europe. Charlemagne began using the name Europa to describe the domain of Western Christendom starting around 800. Charlemagne has family ties to clans that ruled after the fall of Rome, and his father started the Carolingian Dynasty. He was coronated as king in the late 700s, and later designated as emperor of the Holy Roman Empire, which is the revived head of the dreadful beast. To jump ahead, this is the 6th head of the dragon beast described in Revelation 17, but more on that later.

The 10 horns on the dreadful beast are horns of authority, and identified as family bloodlines or dynasties. After 3 fell, the 10 horns is a prophetic number because there were many monarchies that ruled the 7 nations of Europe. **Revelation 13:4 And they worshiped the dragon, for he had given his authority to the beast, and they worshiped the beast, saying, "Who is like the beast, and who can fight against it?"** This is later confirmed when we see the red dragon beast take back its authority from the 10 horns described in **Revelation 17:12 And the ten horns that you saw are ten kings who have not yet received royal power, but they are to receive authority as kings for one hour, together with the beast.** In Revelation 13, there are also 10 crowns on these horns, showing that the family dynasties become family lines of royalty, or monarchies. The horns later hate the harlot as seen in **Revelation 17:16 And the ten horns that you saw, they and the beast will hate the prostitute.** After the fall of the harlot, they will be ruled by the Woman as shown in **Revelation 18:(3) and the kings of the earth have committed immorality with her, and the merchants of the earth have grown rich from the power of her luxurious living."**

The mouth of the European beast is a lion, relating to Babylon. The European sea beast was also **given a mouth uttering haughty and blasphemous words**, which is the papacy, a transition of the different horn of the dreadful beast. Looking at the chart, the same phrases are used for the horn and the mouth. The horn ruled for a time, times and half a time, the mouth ruled for 42 months. The different horn wore out the saints, then the mouth warred against the saints and conquer them. Both the horn and the mouth speak blasphemy. This mouth is the harlot, described in chapter 17, that the kings will hate. This harlot is seated on many waters, the papacy seated on the Holy Roman Empire. This harlot later becomes the Woman that rides the beast that was, was not, and rises from the abyss, and when that happens, she will rule over the kings. The Woman serves Mystery Babylon and will receive judgement in Revelation 18. **Revelation 18:9 And the kings of the earth, who committed sexual immorality and lived in luxury with her, will weep and wail over her when they see the smoke of her burning.** The 10 horns will receive their judgement when the red dragon beast falls in chapter 20.

Now for the fulfillment of the dragon. We are introduced to the dragon in chapter 12, the Jesuit Order that is used to persecute the Reformation church. **Revelation 12:9 And the great dragon was thrown down, that ancient serpent, who is called the devil and Satan, the deceiver of the whole world.** This is the same description as shown in **Revelation 20:2 And he seized the dragon, that ancient serpent, who is the devil and Satan.** In chapter 20, the dragon rises out of the abyss, which is described of the red beast in **Revelation 17:8 The beast that you saw was, and is not, and is about to rise from the bottomless pit and go to destruction.** This connection shows that the red dragon of chapter 12 and 20 is the red beast in chapter 17. Dragon is a description of a Roman-like territory, and dragon closely resembles a serpent. Red is bloodshed, serpent is an accuser, devil is a deceiver and Satan is a principality. The red dragon is the Jesuit Order, and ruled during the 1000 year prophecy that started in chapter 10. It ruled on a great chain during the Suppression of the Jesuits in Europe, when it was sent to the Abyss. It has been released out of the abyss as a beast, having complete sovereignty of the Vatican, which is where the Woman is also seated.

Revelation 17:9 This calls for a mind with wisdom: the seven heads are seven mountains on which the woman is seated; 10 they are also seven kings, five of whom have fallen, one is, the other has not yet come, and when he does come he must remain only a little while. 11 As for the beast that was and is not, it is an eighth but it belongs to the seven, and it goes to destruction. The 7 heads of the red dragon beast requires more research. The 7 heads do not rule simultaneously, like the European beast, rather they rule consecutively. The beast was, was not, and rises out of the pit. The 7th head of the red beast rises out of the pit. The 7th head of the red beast is the 8th head of the European beast. The Vatican is the 8th head of the European beast, which started with 7 heads in chapter 13, and is of the 7 previous heads of the European beast, fulfilling "is an eighth but of the seven." The dragon is also 7 hills where the Woman is seated. A hill is used to describe Mt Zion, God's holy hill, a woman is a religion or ideology. The woman is seated on the 7th Roman Vatican head. The harlot, seated on many waters, was on the 6th Holy Roman Empire head. The different horn of the papacy was on the 5th Ancient Roman head. The other heads of the red dragon are found in the Bible looking for the word serpent. They are Egypt, Assyria, Babylon, Greece, and bible references are shown in Revelation 17. The Woman in chapter 17 serves Babylon, and that religious theme follows to every other hill that the Woman is seated on. Egypt, Assyria, Ancient Babylon and Greece all served Bab-El. Bab = to speak, El = Elohim, or little g gods. Fallen Angel worship is prevalent in the worship of both the dragon beast and the Woman.

The Jesuits were the dragon in chapter 12, and can still be defined as the dragon now. **Revelation 17:(16) They will make her desolate and naked, and devour her flesh and burn her up with fire,** After the fall of the harlot papacy, and the suppression of the Jesuits, the Jesuits purchased the property previously owned by the papacy, which fulfill devour her flesh. The Jesuits reside just outside the Vatican, and in 2013 the Jesuits even took the papacy, another confirmation of devouring the papacy. The Jesuits were instrumental in Nostra Aetate, the 1965 stepping stone to the Noahide laws that are up for debate coming in November of 2026. Noahide laws contradict the trinity, so be mindful how this debate is continued. Verbal debates and public condemnation is burning with fire. Jesuits are still at the helm of Mystery Babylon, or Secret Societies. There's an interview with a Freemason that admits that the Jesuit knowledge is foundational to their beliefs. Jesuit thought and teaching rules the Vatican because of the prestigious universities and institutes that educate those in Catholic leadership at the Vatican. In chapter 20 it shows the dragon was bound for a thousand years. The thousand years is the length of the second prophecy, shown in chapter 10. So during the 1000 years, the dragon was bound with the great chain that Michael had. This happened in chapter 12 when the Jesuits were suppressed in Europe and sent to the abyss, but were still sending missionaries and building schools in the Americas, China, India and parts of Africa. At, or toward, the end of the 1000 years prophecy, the beast will rise out of the abyss. When it rises it's called the ancient serpent, the devil and Satan. This is when the Jesuits return to power in Rome along with the Woman of the papacy in 1929.

After its rise out of the pit, the dragon describes that the Jesuits have a physical location of Rome. The beast is called a serpent, the accuser of the brethren, the devil, one who deceives the church, and it is Satan, a formidable principality. Once it receives back its authority from the 10 horns, the beast will use the image and the mark to control mankind, and those two are introduced chapter 13. Whether or not the US Beast and European sovereign nations will still be ruling at this point, is up for interpretation. The dragon and the Woman belong to Babylon, and she is described as a queen of a great city that is fallen in chapter 18. That fall still needs to happen as well, but it's not clear if that happens while the horns are giving their authority back to the beast or after. If you look to the fall of Rome in chapter 8, you can see the similarities of how the fall of the great city will happen. I would also look to chapter 11 to see how the dragon persecuted those that followed Jesus, even to the death. The reference to "beheaded" in Revelation 20 implies that the dragon might use its old tricks used during the Inquisitions. Beheading is also one of the forms of punishment for those that don't follow the Noahide Laws. Those laws are a form of godliness, while denying its power, a form of piety. Study every word that is in the Laodicean church, so Jesus can reveal himself to you and purify you before the coming fire. The 10 horns of elite Roman bloodlines, on the European beast, are currently in the process of returning all power to the Rome/Vatican beast. The elites share in the power now but that will only last an hour, possibly 7-8 years, then power will be returned to the beast. Use the chart below if it helps to identify beasts, heads and horns.
