# Canopy Tents

A Custom Canopy is a great way to provide shade while marketing your product or business outdoors. The frame is made using extruded aluminum to create a lightweight yet very durable frame that snaps into place. If you are looking for a tent frame that is made to last - This is the one! The canopy top is made from durable UV resistant Polyester with Lotus coating for superior water repellent properties. Full color graphics can be printed using our dye sublimation print process. Optional side walls and back wall are available to complete the look of your Custom Canopy.

## Features

- Telescoping aluminum poles
- Water filled base provides additional stability
- Flag attaches easily to hardware
- Rotates with the wind
- Single & Doublesided Graphics

# Truss Systems

Introducing Origami Truss systems! Composite truss is much lighter than the typical aluminum or steel Truss on the market. One person setup time is 30-45 minutes. Truss conveniently collapses flat for super easy storage. Dye-sublimated single-sided fabric graphics are finished with 1/2" pole pockets on top and bottom and connect to frame with clips. Accessorize with shelves, counter, lights, and brochure holder. Choose from 3 selections or call for custom configurations. Material: Fabric

## Displays

# Aspen Fabric Frames

## Description

The ASPEN extrusion is similar to the VAIL-40D, except that the outside finish has a line groove, like an indented stripe, that is purposeful for easily installing accessories. Plus, it contributes a difference in style.

- Single-sided or double-sided graphic options available.
- Floor, ceiling and wall mount display accessories (see options below)

## Aspen SEG Slim Fabric Frame

### Single-Sided Graphic

Back

# Aspen Fabric Frames

## Description

The Aspen Fabric Frame System is the perfect blend of class and versatility, great for the retail environment. The sleek, silver frames, available in various widths and heights, create a sophisticated look for your fabric graphic. With the rubber beading edge, simply push the graphics into the frame recessed grooves to install. Remove SEG graphic and replace as current trends change. Hang from the ceiling, affix to the wall, or stand on the floor using different accessories.

## Aspen SEG Slim Fabric Frame    Aspen Fabric Frame Backwall

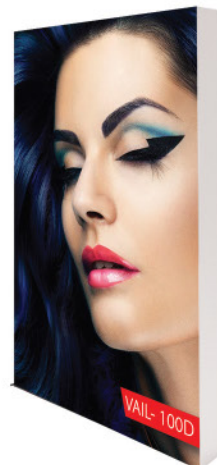

# Vail Fabric Frames

## Description

Vail-120D 8' x 8' Double-Sided Graphic Package. Vail-120D is a double-sided Resort Extrusion with a 120mm wide profile. This extrusion has a solid outside finish. Because the profile width is so thick, VAIL-120D is especially good for free-standing large images (tall or wide) because it is more stable than the skinnier profile widths; however, it can be wall mounted or hung overhead.

- Fabric Silicone Edge Graphics (SEG)
- Free-standing, hanging or mount to wall
- Ladder or edge-lit lights available for backlit display

# Aspen Fabric Frames

## Aspen-T Leg

### Description

Use stationary T-Leg side feet for Aspen Onyx rich, deep black frames instead of the flat black steel base. Fit for fabric Silicone Edge Graphics (SEG), Aspen T-Leg will add flair and contrast to your finished design! Aspen T-Leg, a frame that stands freely like a retractable banner stand, is available in 2 ft. and 3 ft. widths by heights of 6ft., 7ft. or 8ft. Graphic packages come with double-sided full-color dye sublimation fabric prints.

## Aspen-Onyx

### Description

Our new rich, deep black Aspen frames, fit for fabric Silicone Edge Graphics (SEG), will add flair and contrast to your finished design! Aspen Onyx display comes with a rectangular steel base the same width as the frame, maximizing balance to produce a sturdy display. A wall frame that stands independently like a retractable banner stand, Aspen Onyx is available in widths of 2ft., 3ft., 4ft., or 5ft. by heights of 6ft., 7ft. or 8ft. Graphic packages come with single- or double-sided full color dye sublimation fabric prints.

# Big Sky Fabric Frames

Big Sky Counter

Big Sky Tower

## Description

Big Sky Tower is part of the Resort Extrusion family—aluminum frames for Silicone-Edge Graphics (SEG). Custom-made on the premises, Big Sky Tower comes in varied sizes. Big Sky Tower accepts four individual custom fabric graphics, excluding top and bottom. Insert graphics after frame is constructed by tilting it on its side. Transversely, push corners of graphic into the frame's recessed groove. Then, starting midway on the frame going toward the corners, continue pushing in the straight edges of the graphic. Repeat three times. Backlit option is available.

# Alpine Booth - Configuration A

## Description

Be in charge of your environment and give your space all that it needs with Alpine Booths custom exhibits. Many design configurations allow you the freedom to add backwalls, rooms, doors, shelves, and slatwalls. Whatever your product or service, Alpine Booths lie at the intersection of creativity and Feng Shui. Bring exhibitors your way with Alpine Booths—It's hard to ignore something original.

## Alpine Booth - Configuration A

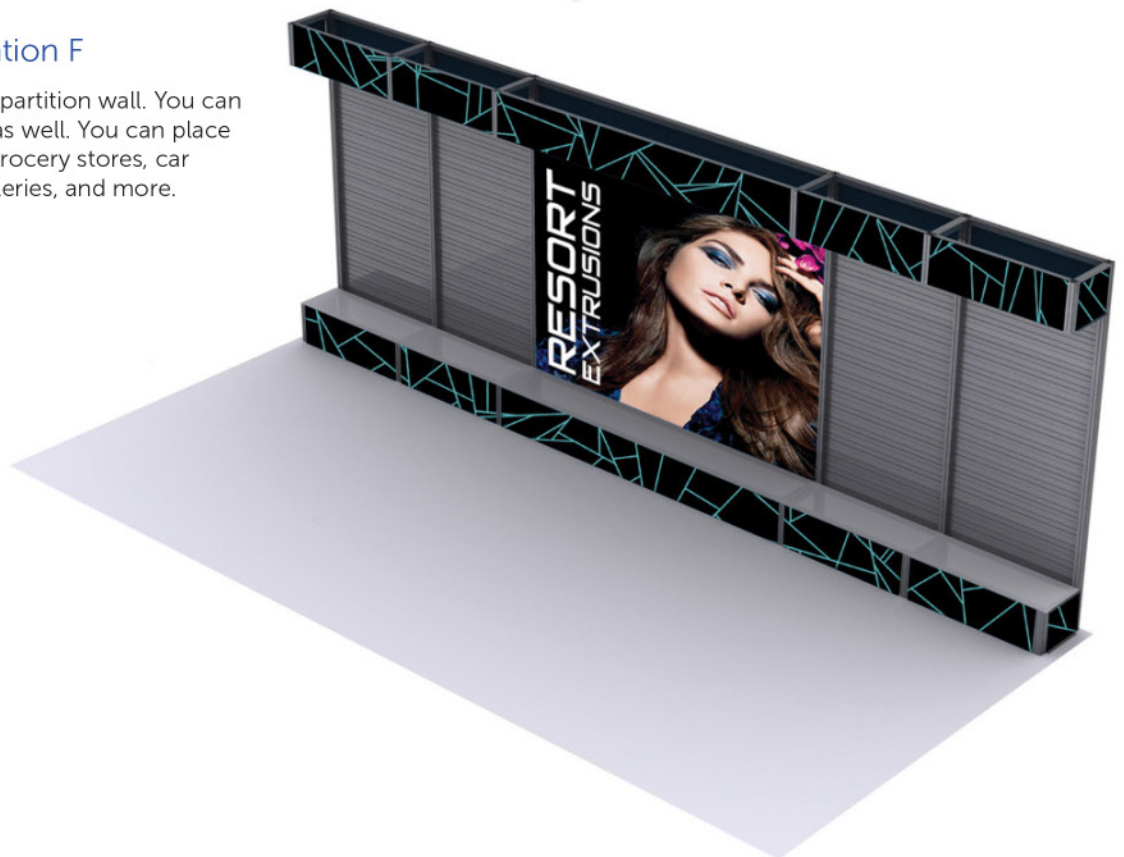

## Alpine Booth - Configuration B

If you are introducing a new product or service in the market, but you need spread the word amongst people, you will probably set up a booth at a tradeshow. If not, you may setup a booth at your present your location. The stunning configuration "B" alpine booth will stand out from the rest and will definitely attract a crowd towards you. In fact, its glorious and sleek appearance may serve as an incentive for people to check it out.

## Alpine Booth - Configuration F

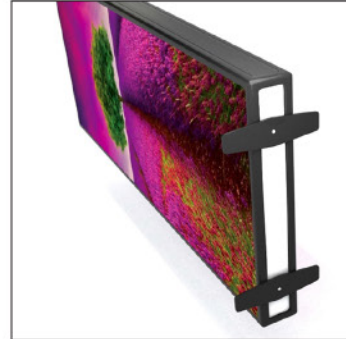

You can use it as a backdrop or a partition wall. You can place it several different settings as well. You can place the alpine booth at retail stores, grocery stores, car dealerships, photo shoots, art galleries, and more.

## Lume Light Box Display

### Description

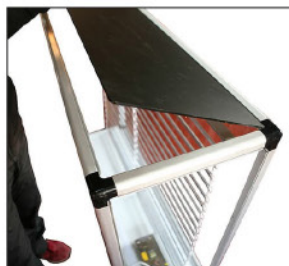

Lume Free Standing Light Box is a portable, brilliant alternative to standard light box banner displays currently on the market. Breaks down into 6 interlocking pieces that can be assembled in minutes for easy transport and storage. Lined with LED light strips and electrical transfer in the base to laminate and enhance single or double-sided graphics ideal for exhibits, retail displays, and corporate events.

## Luce Light Box Display

### Description

Our light box is a great tool for tradeshow and marketing events. This product is designed to do just one thing, grab attention. The image that is placed on the front is the primary focal point but images can be placed on the remaining 3 sides as well.

# Logo Mats

## Description

If you are looking for custom business floor mats or a decorative door mat, we have many options to choose from. Custom logo mats serve their own purposes throughout everyday life and come in a variety of shapes and sizes, along with a variety of usages. Customers are able to pull from an unlimited style of mats for personal or business use. Choose from: floor mats, custom door mats, and HD custom logo mats. You can even choose a mat for the home or garden, bathroom or kitchen, and even design an adorable custom made mat for your pets to rest on—assuming your pet won't rip it to shreds.

## Air Cargo Expedited Shipping

As an added benefit our west coast production facility offers Same Day and Next Day Air Cargo service through Southwest Airlines and US Airlines. We drop off the package at Phoenix Sky Harbor and it ships via the next available flight to your destination's major airport. You have the option of picking up the package at your airport or having it couriered to your end destination. Extremely cost effective for last minute rush orders!

# File Setup & Artwork Submission Guidelines

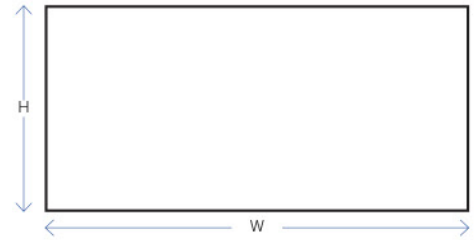

## Resolution & Size Guidelines

### Final Production Size

Under 25 sqft.  
25-80 sqft.  
80-100 sqft.  
100-300 sqft.  
Billboards

### Resolution

No more than 300dpi @ full size  
No more than 200dpi @ full size  
No more than 150dpi @ full size  
No more than 75dpi @ full size  
Should be 300dpi @ 1-12th Scale

Exceptions to the above guidelines are banners that contain very fine type and small banners that contain fine gradients.

## Artwork Submission Requirements

### BEST FILE FORMATS

Adobe Photoshop, Adobe Illustrator, EPS, PDF, or Hi-Resolution TIFF. (Mac or PC)

## FILE PREP

- All fonts should be converted to outlines.
- All linked file should be embedded or included.
- Do Not compress the files into .zip, .sit or .arj.
- Resolution should be NO MORE than 300dpi at full size
- All Pantone colors should be indicated on proof

## COLOR MATCHING

- All files should be saved in CMYK (USWeb Coated Swap2) or Adobe RGB 1998 color mode
- Please provide a match print for any 4-color imagery or illustrations.
- Exact color matches are not always possible. If colors are critical, please submit a color sample.
