PRODUCT REGISTRATION FORM

Our Vendor Product Registration Form is used to submit new products to be considered for addition to the CaicosFAB® Online Marketplace. CaicosFAB® may require updates, resubmission of this form, or further testing to maintain the status of products.

- A completed Product Submission Form must accompany all new product submissions.
- Applicants must provide the requested information, as CaicosFAB® will use this data to assist in the product's initial review. Following the initial appraisal, a letter of receipt and status report will be issued.
- Review of new product submissions will be completed within one to two weeks if all necessary documentation is provided. Incomplete forms and/or erroneous information provided as part of this form will result in the product being rejected.

Please Note: A separate form must be completed for each new product submitted.

Important

CaicosFAB® will determine the test methods used to conduct its initial and ongoing evaluation of the products submitted.

Vendor ID Number		Product Brand Name	
Product Category		Product Status	
Product Dimensions	Product Weight	Order Minimum	Order Maximum

- 29. V-SKU:** The Stock Keeping Unit the vendor offers for this item
- 30. Vendor Fulfillment Time:** The number of days the vendor takes to produce this product
- 31. Vendor ID:** The identifier number CaicosFAB® assigned to the vendor

PRODUCT HIGHLIGHTS: The product highlights structure is often used for 2-6 core product features and can be as simple as a bespoke image illustrating the feature or its benefit (to draw attention), a short headline (to confirm what the image suggests), and one paragraph of text explaining the feature.

PRODUCT DESCRIPTION: A product description is the marketing copy that explains what a product is and why it's worth purchasing. The purpose of a product description is to supply customers with important information about the features and benefits of the product so they're compelled to buy

PRODUCT SPECIFICATIONS: The purpose of a specification is to provide a description and statement of the requirements of a product, the components of a product, the recipe of the product, the capability or performance of a product, and the service or work to be performed to create a product.
