

March 17, 2020 – 9AM update

Dear Super 60 Coaches & GMs

Hope all is well & we are all praying for everyone to stay safe! As of our March 16th update from the City of New Orleans & State of Louisiana EMS & HHS leaders, we are on lockdown until April 13th here in the city & state. Speaking with folks we know who work in both city & state government, it is their belief that the order will be extended about another week or two (until about April 27th or so) before being lifted. As such, we have let our local & state teams know that we plan to begin running our events again starting May 1st. Of course, nobody can know for sure how the Covid-19 event will evolve but our hope is that the current plans will help contain the spread & help us return to some type of safety & normalcy. We will update our website as we get more info as well as send an email next week to all of our 180+ registered teams, but as of today March 17th we are still planning for our Super 60 event May 23-24. Thanks so much & please stay safe - Super 60 Staff
